ACKNOWLEDGEMENT

It is my pleasure to record deepest and sincere gratitude to my guide Dr. H. A. Solanki, Professor, Department of Botany, Gujarat University, Ahmedabad for helping and guiding me throughout the work and for giving valuable counseling during the work.

I thank Dr. A. U. Mankad (Head of Department), Dr. Y.T. Jasrai (Former Head) and Dr. H. A. Pandya, Professor, Department of Botany for providing the necessary facilities for this work.

I specially extend my sincere gratitude towards Dr. Falguni Sheth for the novel idea of carrying out this work and helping me define my research problem. I thank Miss. Dhara Jani for providing necessary training on operation of HPTLC instrument and Prof. M.V. Rao (Former Head, Department of Zoology, Gujarat University) for giving me the opportunity to conduct some important experiments and providing necessary instrument and utility support during the work.

I express my sincere thanks to my colleagues Ms. Rashmi Baria, Ms. Dhara Bhavsar, Dr. Gunjan Motwani, Dr. Vilas Parmar, Ms. Meghal Shah, Dr. Renuka Desai, and Ms. Ruby Patel for their timely help in various ways during the work. I am also thankful to Dr. Pradeep Verma and Dr. Deepika Chandawat for their constant motivation throughout the work.

Special thanks to our peons Rasikbhai Patel and Amrutbhai for support and patience during experimental delays at department.

I am deeply and warmly grateful to my family who has supported in every aspect with great patience, support, faith and inspiration during my work.
