ACKNOWLEDGEMENTS

THANK YOU GOD FOR YOUR BLESSING TO COMPLETE THIS WORK.

It is a real pleasure for me to express my sincere gratitude to all the people who contributed to completion of my thesis directly or indirectly.

I am immensely indebted to my supervisor Dr. Jnanjyoti Sarma, Associate professor, Mathematics Department, R. G. Baruah College, for his guidance, support, fruitful suggestion and theme throughout my thesis work. It had been an honor for me to be associated with such a cognoscente's person who always made himself available for my work.

I would like to extend my sincere gratitude to Dr. Babita Choudhury, Principal of R. G. Baruah College, Dr. A. K. Borah and Dr. S. Saikia, Department of Mathematics, R. G. Baruah College, Guwahati-781025.

I am deeply grateful to Prof. R. K. Deka, Department of Mathematics, Gauhati University, for showing me the way of the research work.

Furthermore, I would like to give my gratitude to Prof. H. K. Saikia, Head of the Department of Mathematics, Gauhati University. I am very much thankful to Prof. B. C. Kalita, Prof. K. C. Choudhury, Prof. N.R. Das, Prof. T. K. Dutta, Prof. R. Choudhary, Prof. H. K. Sarma, Prof. N. Ahemed, Prof. K. Patra, Dr. K. Das and Dr. Nilakshi Goswami, Department of Mathematics, Gauhati University, for their valuable advice and inspirable suggestion towards my research work. Especially, I
would also like to thank the office staff of the Department of Mathematics, Gauhati University, Guwahati - 781014.

Thanks are due to the authorities of College of Science and Technology, Rinchending-450, Phuentsholing, Bhutan, for providing me excellent hospitality. I would like to offer my sincere thanks to the Director Dr. Cheki Dorji, Mr. Om Kafly, Mr. Tshring, Head of Science and Humanities Departments Mr. Rajesh Subedi for giving me the permission to upgrade my education through the research works.

I am greatly indebted to Dr. Nirab Chandra Adhikary, Institute of Advanced Study in Science & Technology, Guwahati-781035 and Dr. Manoj Kumar Deka, Institute of Science and Technology, Gauhati University, Guwahati-781014, for their valuable guidance, keen interest, inspiring motivation, unparalleled perseverance and thought provoking suggestion in planning, executing the research works and producing this manuscript. Without them this thesis wouldn’t have been possible.

I highly appreciate Dr. Amar Prasad Misra, Siksha Bhavana, Visva Bharati University, Santiniketan, West Bengal for his valuable advised and suggestion in my works.

In addition, I am grateful to Professor G. C. Das, retired HoD of Mathematical Science Division, Institute of Advanced Study in Science & Technology, Guwahati-781035, for his support and constructive suggestions.

I am thankful to Associate Professor Sri Ranjit Kumar Kalita, Department of Mathematics, Morigaon College, and also to my dear friends Sri Priyank Pratim
Baruah, Dr. Sawgata Purkyastha, Sri Rubul Dutta, and Dr. Sanjay Kalita for their friendly cooperative during my research work.

Further, I thank my dearest wife Ms. Rubi Talukdar Devi, for her significant support in every step during my work.

Thank you all!

Date:                      (Apul Narayan Dev)
