Acknowledgement

I wish to express my sincere gratitude to my research supervisor Dr. G. G. Rajput, Associate Professor and Chairman, Department of Computer Science, Rani Channamma University, Belagavi, for his continuous support, encouragement and valuable guidance during my research work.

My heartfelt thanks to Dr. B. V. Dhandra, Professor and chairman, Department of P.G. studies and Research in Computer Science, Gulbarga University, Kalburgi, for his valuable guidance, suggestions and encouragement which helped me to break through the problems in this research field.

I wish to extend my sincere thanks to Dr. P. S. Hiremath, retired professor and former chairman, department of P.G. studies and research in Computer Science, Gulbarga University, Kalburgi, for his valuable guidance, suggestions and encouragement.

I extend my heartfelt thanks to Dr. Radha Vasan, head of the department Vitreo-Retina, Karnataka Institute of Diabetology, Bengaluru, for providing the fundus images to carry out the research work and also for providing the necessary knowledge about pathologies and methodology used for grading the disease (i.e. Diabetic Retinopathy).

I wish to extend my thanks to my fellow researchers for extending their help and friendly atmosphere during the work and also for participating in the technical discussion.

I shall be failing in my duties if I do not mention my family and my husband for their love and support, patience and being a source of inspiration during the course of work.

Last but not the least I thank one and all who directly or indirectly had their hand in successful completion of this work.
