ACKNOWLEDGEMENT

In the name of Allah, the Most Gracious and the Most Merciful Alhamdulillah, all praises to Allah for the strengths and His blessing in completing successfully this thesis. I feel great pleasure to submit my work entitled “Evaluation of biologically active compound from Indian spices for Bioprospection” to the Department of Biotechnology, Integral University, Lucknow. The completion of this work involves direct and indirect contributions of so many people, and it's impracticable to acknowledge them all individually.

It deeply owe thanks to Prof. S. W. Akhtar (Vice Chancellor, Integral University) and Prof. T. Usmani (Pro Vice Chancellor, Integral University) for equipping Integral University with all the required research facilities and for their dedication and contribution for the cause of scientific Research. I would also like to thank Dr. Aquil Ahmad, Principal, Gandi-Faiz-e-Am (P.G) College, Shahjahanpur for providing me all the necessary facilities required during my research work.

I am deeply grateful to Mr. Gufran Ahmad (Deputy Registrar, Academics and Administration) and Mr. Yusuf Kidwai for showing co-operation and support throughout my Ph.D. tenure right from the registration till the submission of my Ph.D.
thesis.

I would like to gratefully acknowledge Dr. Qazi Shoeb (Dean of Faculty of Applied Sciences) for listening to me in all DRCs.

It gives me a pleasant feeling to acknowledge my immitable, fabulous, ever gold and treasured research supervisor Dr. Iffat Zareen Ahmad (Associate Professor and Head, Departments of Biotechnology, Microbiology, Biochemistry and Bioinformatics, Integral University, Lucknow) for her keen and continuous interest, valuable guidance and untiring efforts throughout this research work. Her guidance and acknowledge what she has bestowed on me is an unending source of inspiration, not only for this study but also will enlighten my ways in the days to come. I am equally grateful to thanks and deeply obliged to my co-supervisor Dr. Mohammad Aslam (Associate Professor) Department of Chemistry, Gandhi Faiz-e-Am (P.G) College, Shahjahanpur who gave me important guidance and support during the research work.

Guidance from all the Faculty member at University and at College, which enabled me to complete my work, I am highly thankful to Mrs. Aisha Kamal, Lecturer and Dr. Abu Hasnat, Lecturer, for their valuable guidance and support.

I am immensely indebted to the faculty members, Dr. Neelam Pathak, Dr. Smita Rastogi, Dr. Rolee Sharma, Dr. Motashim Lohani, Dr. Saif Khan, Dr. Huma Mustafa, Dr. Ishrat Altaf, Dr. Ahsan Rasheed Siddiqui, Dr. Ilyas Naqvi,
Dr. Anwar masood, Dr. Saghir-ul- Hasan, Dr. Mohammad Iqbal, Dr. Areeb Anjum, Dr. Archana Kumar and Mr. S.Z. Chagtai for their back-up and moral support during this research work.

I wish to express my sincere gratitude and thanks to my lab fellows, Ms. Deeba Zaidi, Ms. Deepmala, Ms. Uzma Khan, Mr. Hayatul Islam, Mr. Jitendra Pratap Singh, Ms. Sued Saima, Ms. Shaifali Verma, Mr. Subhhan-ul-Hasan, Ms. Shazia for their cooperation and valuable suggestions during the practical work and compilation of this manuscript.

Special thanks are extended to colleagues and friends, Ms. Mahvish Khan, Ms. Khushboo Saboor, Ms. Alka Sagar, Ms. Archana Pal, Ms. Pratigya Saksena, Ms. Priyanka Saxena, Ms. Shakuntala Rao, and Dr. Ajay Kumar Tiwari for their open hearted encouragement and good wishes throughout this research study.

Finally, I am thankful to my father Mr. Iqbal Hasan Khan, mother Ms. Tanzeem Jahan, brother Mr. Imran Khan and sister Ms. Farheen Iqbal for their sustained support and encouragement throughout this research work.

At last but no way least, I have profound feelings of love and respect for my husband Mr. Aamir and my in laws, Mr. Zafar Mehboob Khan, Ms. Aliya Begum, Mr. Jamal Zafar Khan and Mr. Aasim Zafar Khan who have suffered a lot when they needed me and were neglected.

Amreen Iqbal
