ACKNOWLEDGEMENT

It has been a privilege to be associated with Dr. W.S. Khokle, Ex-director & A.I.C.T.E. Emeritus fellow, Dept. of E.C.S.E., V.R.C.E. Nagpur, who has showered me with his able guidance and incessant encouragement during my research endeavors. I am extremely indebted to him for his keen interest in this work, which has enabled me to put forth my efforts in the present form.

I am grateful to Prof. Ghaisas, Head, Department of Electronic-Science, Univ. of Pune for the help he provided for Ph.D. registration. My sincere thanks are also to Dr. A. D. Shaligram and Dr. Miss Gangal of the Department whose efforts have enabled me to submit the dissertation in time.

The author is grateful to Dr. H.V. Manjunath, Associate Professor, of B.I.T.S. Pilani, and Dr. P. Bhanuprasad, Asst. Director, C.E.E.R.I. Pilani for critically reviewing the results of the thesis. Their suggestions resulted in many important improvements and added to my understanding of motor drives and control theory.

I wish to express my gratitude to Sh. Rahul Verma, Deputy Director, Sh. C.R.K. Prasad, Asst. Director, Sh. S. D. Perlekar, Asst. Director, of CEERI, Pilani, who provided all sorts of help during the course of writing of this thesis. The moral support to complete the work, which I received from my all CEERI friends, Industrial Electronics Group and Sh. Nitin Shenavi, Technical Officer, Dept of Electronic-Science, Univ. of Pune is sincerely acknowledged. My deepest appreciation is extended to Sh. Vinod Sharma, Harsh kumar, Nitin, Raghvan, Kapil, Abhijit & Mr. Lalit Khanna for the editorial assistance provided by them.

I am very grateful to Dr. G. N. Acharya Emeritus Scientist and Ex-director C.E.E.R.I. Pilani, and Sh. V.N. Waliwadkar, Director C.E.D.T.I. Aurangabad, for their keen interest and appreciation for my research work.

Research of any kind is the outcome of co-operative efforts. Hence finally, thanks are due to my several other colleagues & friends who have contributed directly & indirectly in this work.

(S. S. SADISTAP)
