CHAPTER 2: REVIEW OF LITERATURE ............................................ 57

CHAPTER 3: METHODOLOGY ..................................................... 101

3.1 Research Methodology .................................................. 102
3.2 Data Collection ............................................................. 107
3.3 Empirical Study ............................................................ 108
    3.3.1 Bank of Maharashtra, Pune ....................................... 109
    3.3.2 Bank of India, Pune ................................................ 112
    3.3.3 Tata Motors, Pune .................................................. 115
    3.3.4 Bajaj Auto Limited, Pune ......................................... 118
    3.3.5 Cummins India Limited, Pune .................................... 121
3.4 Methods of Statistical Analysis ........................................ 131
    3.4.1 Hypotheses Formulation ........................................... 131
3.5 Statistical Analysis ....................................................... 139
3.6 Testing of Hypotheses ................................................... 141

CHAPTER 4: RESULTS & DISCUSSION ...................................... 154

4.1 Part-I: Comparison between Banking Sector and Manufacturing Sector ............................................. 155
4.2 Part-II: Factors affecting Quality of Life of Employees after Voluntary Retirement .................................. 175

CHAPTER 5: SUMMARY & CONCLUSIONS ............................... 195

5.1 Conclusions .................................................................... 196

BIBLIOGRAPHY ....................................................................... 203

APPENDICES ......................................................................... 209
