ACKNOWLEDGEMENTS

I was eagerly waiting for the day to express my feelings about my guide Prof. Anjali B. Sabale. I consider myself extremely fortunate to have worked under her guidance providing inspiration, with a continuous source of innovative ideas and fruitful suggestions. I salute her for unbroken faith in experimentation and deep quest for scientific knowledge. Her constant encouragement and valuable guidance in the task are greatly responsible for inspiring me to complete this piece of work.

I am grateful to Prof. S. R. Yadav, Head, Department of Botany, Shivaji University Kolhapur for his constant and continuous encouragement and for providing necessary facilities and support to carry out my research work.
