CHAPTER ONE INTRODUCTION

I. The Setting 2
II. Framework 10
III. Objectives of the Study 12
IV. Scope of the Study 14

CHAPTER TWO JUSTIFICATIONS OF THE INTELLECTUAL PROPERTY RIGHTS

I. Introduction 22
II. Justifications for a Viable Patent System 27
   A. Desert Based Justification 27
   B. Utility Based Justification 29
      i. Invention 30
      ii. Alternative Reward Structures and Invention 33
      iii. Innovation 37
         (a) The Product Cycle Theory 40
         (b) The Technology-Gap Theory 41
      iv. Disclosure 42
      v. Transfer of Technology 45
III. Invention and Discovery 48
IV. Summation 50
CHAPTER THREE  EVOLUTION OF THE INTERNATIONAL PATENT SYSTEM

I. Introduction 54
II. Early Patent Grants 55
III. Patents in Eighteenth and Nineteenth Centuries 58
IV. The Development of an International Patent System 61
   A. Revision Conferences 65
      i. The Revision Conference of Brussels, 1897-1900 66
      ii. The Revision Conference of Washington, 1911 68
      iii. The Revision Conference of The Hague, 1925 70
      iv. The Revision Conference of London, 1934 73
      v. The Revision Conference of Lisbon, 1958 75
   B. International Patent System and Developing Countries After 1960s 79
V. Summation 89

CHAPTER FOUR  DIPLOMATIC CONFERENCE ON THE REVISION OF THE PARIS CONVENTION

I. Introduction 92
II. Procedural Tangles: Unanimity Vs. Majority 94
III. Qualified Unanimity: Developing Countries’ Views 96
IV. Consensus or Two-Thirds Majority: Hijacking the Issue 97
   A. EEC Proposal 99
   B. Proposal by the United States 100
   C. Committee of Nine 101
   D. India’s Role 102
V. Main Proposals at the Conference

A. Substantive Issues: Definition of Industrial Property

B. Working of Patent Grants: For an Equitable Provision

C. Consultative Meetings

D. An Unfinished Agenda

E. Uruguay Round on the Horizon: Failure of Diplomacy

VI. WIPO Draft Harmonization Treaty

A. Main Features of the Treaty

B. First-to-File Vs. First-to-Invent

C. Absence of Consensus

VII. Summation

CHAPTER FIVE  URUGUAY ROUND NEGOTIATIONS: OVERVIEW OF PROVISIONS RELATING TO PATENTS

I. Introduction

II. Negotiating History Preceding 1986 Declaration

III. The U.S. Bilateral Approach

IV. Technology, Trade Policy and Intellectual Property Rights

V. TRIPs Negotiations: Main Approaches

A. Approaches of Developing Countries

i. Brazil

ii. India
B. Approaches of Developed Countries

i. United States 172
ii. European Communities 175
iii. Japan 177
iv. Nordic Countries (Finland, Iceland, Norway and Sweden) 179
v. Switzerland 180

VI. Towards Uniform Standards: Conflicts and Compromises 182

A. Patentable Subject Matter 183

B. Patentability: Limits Defined in Article 27 191

i. Implications on Pharmaceutical and Chemical Sectors 192
ii. Dilution of Concept of Working 193
iii. Exclusion from Patentability 194
iv. An Effective 'sui generis' system: What It Implies 196

C. Limitations on Patentee's Rights 198

VII. Reversal of Burden of Proof 209

Indian Practice 213

VIII. Transitional Arrangements 215

i. Pipeline Protection 219
ii. Exclusive Marketing Rights 221
iii. The Indian Patents (Amendment) Ordinance, 1994 223

IX. Duration of Patents 226

X. IPR and NAFTA 229

A. An Overview of 'Patents' in NAFTA 230
B. National Treatment 233
C. Pipeline Protection 235
D. Patents of Addition and Dependent Patents 236

XI. Summation 238
# CHAPTER SIX  PATENTABILITY : EVOLVING LEGAL FRAMEWORK

I. Introduction 243

II. Patentable Subject Matter : Definitional Concerns 245

A. Exclusion of Certain Inventions 246

B. Novelty 250
   i. Defining Novelty 252
   ii. Anticipation and Novelty 254
   iii. Determining the Concept of Novelty 258

C. Inventiveness 263
   i. Content and Meaning 263
   ii. Criteria Evolved through Judicial Pronouncements 266

D. Industrial Applicability 276

III. Patentability of Mathematical Algorithms 279

IV. Patentability of Software-related Inventions 284

A. Copyright Protection for Software 289

B. Patents and Software-related Inventions 294

C. *Sui Generis* Approach 304

D. India and Software Development : Some Issues 312

V. Summation 315
CHAPTER SEVEN PATENTABILITY OF LIFE FORMS

I. Introduction 325

II. Patentability of Life-forms: Search for Appropriate Criteria 328
   A. Patentability of Micro-organisms 334
   B. Patentability of Animals 340
      i. Sufficiency of Disclosure 346
      ii. Ethical and Environmental Considerations 353

III. New Plant Variety: Need for Sui Generis System 360

IV. UPOV Convention: Salient Features 363

V. UPOV-1991: Ongoing Debate in India 368
   A. Existing Legal Position 374
   B. Plant Varieties: Proposed Legislation 376
      i. View of the Indian State 377
      ii. View of Certain Individual Experts 384
         (a) Vandana Shiva and Radha Holla-Bhar 385
         (b) M.S. Swaminathan's Draft Enactment 387
         (c) Gail Omvedt's Views 390
      iii. Views of Developed Countries 393

VI. Recent International Developments 398
   A. Implications for Developing Countries 400
   B. Regional and Sub-Regional Cooperation 402
   C. Patenting of Seeds and Genes: Controversies 404
   D. Convention on Biodiversity: Some Issues 407

VII. Summation 410
CHAPTER EIGHT  LEGAL CONTROL OF ABUSES OF THE  
PATENT GRANT

I. Introduction 416

II. Can Importation Constitute Working 418

III. Abuses of the Patent Grant 422
   A. Insufficient Disclosure 424
      i. Disclosures and Know-how 426
         ii. Undisclosed Information 430
   B. Lack of Use or Inadequate Use 433
      i. Failure to Adequately Manufacture and Lack of
         Supply on Reasonable Terms 434
      ii. Conditions on the Grant of Licences 438
         (a) Export Prohibition 439
         (b) Grant Back Conditions 443
         (c) Tying Arrangements 443
         (d) Price Fixing 444
         (e) Restrictions on Use 444
         (f) ‘No Challenge’ or ‘No Contest’ Clause 445
   C. Interdependent Patents 446

IV. Legal Safeguards Against Abuses of Patent Grant 448
   A. Non-voluntary Licensing : An Equitable Regulatory Approach 453
      i. Initial Phases 454
      ii. Compulsory Licensing : In the Paris Convention 456
      iii. In National Legislations 458
      iv. TRIPs Formulations in Article 31 462
         (a) Authorization of Use on Individual Merits 463
         (b) Authorization in Certain Circumstances of
             Emergency or Urgency 464
         (c) Limitations on the Duration of the Use 465
         (d) Use to be Non-exclusive 465
(e) Use Authorized Predominantly for the Supply of Domestic Market 466
(f) Termination of Authorization for Use 467
(g) Adequate Remuneration to Right Holder 468
(h) Judicial Review 469
(i) Judicial Review of Remuneration 469

B. Anti-Competitive Practices 470

C. The Exhaustion of IPRs 473

V. Summation 477

CHAPTER NINE THE AGREEMENT ON TRIPS AND LIMITS ON STATE ACTION

I. Introduction 481

II. Scope of State Action: Limits Identified 482

A. Substantive Issues 482

i. Patentability 483
   (a) Transitional Arrangements 483
   (b) Pipeline Protection 484
   (c) Exclusive Marketing Rights 486

ii. Non-voluntary Licensing 488
   (a) National Emergency and Circumstances of Extreme Urgency 491
   (b) Measures to Protect Public Health, Nutrition and Promote Public Interest 492
   (c) TRIPS and Impact on Drug Prices 494

iii. Anti-Competitive Practices 500
iv. Burden of Proof: Need for Some Guidelines 504

B. Procedural Measures 505

Civil and Administrative Procedures and Remedies 507
C. Dispute Settlement Body: Provision for Surveillance and Retaliations

D. World Trade Organization: Dilution of State Authority

III. Summation

CHAPTER TEN SUMMARY AND CONCLUSIONS
