

## **A WORD OF GRATITUDE**

With deep regards, overwhelming sense of pride and genuine obligation, I seize this jubilant occasion to express my sincere, heartfelt and reverential to my venerable supervisor Dr. Parvej Ahmad Alvi, Department of physics, Banasthali University, Banasthali (Rajasthan) for his esteemed, valuable, highly knowledgeable and illuminating ideas, suggestions, critical evaluation and expert advice on the designing and executing of this research problem in the best possible.

He educated me on different aspect of the subject, reflected on me the importance of work discipline and encouraged to reach much above my natural abilities. His support, concern and help were available throughout the work. I am extremely fortunate to have been trained initiated into this scientific world under his able guidance. His dedication to science and the pursuit of knowledge will forever remain a source of inspiration to me. I am happy and indebted that I carried this work under his supervision to put in my best,
