Abstract xx

CHAPTER I – INTRODUCTION 1-23
1.1 Introduction 1
1.2 Rural labour market in India : The changing scenario 2
1.3 Statement of the research problem 4
1.4 A brief outline of the review of literature 5
1.5 Research gaps 6
1.6 Major research questions 7
1.7 Objectives of the study 8
1.8 Hypotheses of the study 8
1.9 Methodology 9
1.10 Concepts and definitions 18
1.11 Scope and importance of the study 21
1.12 Limitations of the study 22
1.13 Organisation of the thesis 22
1.14 Summary 23

CHAPTER II - REVIEW OF LITERATURE: THEORETICAL FRAMEWORK AND EMPIRICAL FINDINGS 24-57
2.1 Introduction 24
2.2 Theoretical framework 24
   2.2.1 Neo-classical labour leisure model 24
   2.2.2 Backward bending supply curve of labour 25
   2.2.3 Jevons theory of labour supply 26
2.2.4 Static labour supply model 27  
2.2.5 Dynamic model of labour supply 28  
2.2.6 Harris-Todaro model of rural urban migration 29  

2.3 Empirical literature 30  
2.3.1 Estimation of the determinants of labour supply and participation decisions - Cross country experiences and India level studies 30  
2.3.2 Changing socio-economic conditions of rural labourers 40  
2.3.3 MGNREGA related studies 43  
2.3.4 Studies on shortage and surplus of labour in rural India 48  
2.3.5 Rural employment diversification - Farm and Nonfarm labour related studies 53  

2.4 Summary 57

CHAPTER III - EVOLUTION OF THE POLICY FOR RURAL LABOUR IN INDIA: AN ANALYTICAL APPROACH 58-83  
3.1 Introduction 58  
3.2 Need for review of policy 59  
3.3 Concept of labour supply 60  
3.3.1 Protection of Labour 62  
3.3.2 Promotion of Labour 62  
3.4 Labour policy: a cross country experience 64  
3.5 Evolution of labour policy 69  
3.6 Labour policy approach for rural labour so far 74  
3.6.1 Provision of Employment - development initiatives 76  
3.6.2 Provision of food security or Public Distribution System (PDS) 79  
3.6.3 Improvement of Quality of Life 80  
3.6.4 Providing financial assistance and economic empowerment or more broadly ‘Financial Inclusion’ –and providing social security. 80  
3.7 Labour in concurrent list 81  
3.8 Recent developments 82  
3.9 Summary 83

CHAPTER IV- RURAL LABOUR SUPPLY SITUATION AND ITS DETERMINANTS IN INDIA AND KARNATAKA 84-114  
4.1 Introduction 84  
4.2 Rural labour situation in India and Karnataka 85
4.2.1 Indicators of labour supply in India and Karnataka – a) WPR – Work Participation Rate b) LFPR- Labour Force Participation Rate c) UER- Unemployment Rate

4.2.2 Classification of workers based on Census of India data

4.2.3 Nonfarm employment in rural India and rural Karnataka

4.2.4 Composition of workforce in India and Karnataka

4.2.5 Changing rural employment status : results of regression

4.3 Determinants of rural labour supply in India and Karnataka : Evidence from NSSO 68th round Unit level data

4.3.1 Description of NSSO 68th round unit level data

4.3.2 Justification for the selection of variables in the model

4.3.3 Descriptive statistics

4.3.4 Results and discussion

4.4 Summary

CHAPTER V- PROFILE OF CHIKKAMAGALURU DISTRICT, SAMPLE TALUKS AND THE SAMPLE RESPONDENTS 115-167

5.1 Introduction

5.1.1. Brief profile of the district – History, Location, Administrative setup, Geography and land use pattern

5.1.2. Demographic details

5.1.3. Structure and composition of district economy

5.1.4. Taluk wise level of development in the district

5.2 Brief profile of labour supply and employment situation in the district

5.2.1. Work Participation Rates

5.2.2. Census of India classification of workers

5.2.3. Taluk wise decadal growth of employment

5.3 Structure and composition of sample respondents

5.3.1 Brief profile of sample taluks

5.3.2 Individual details of the respondents: age, gender, marital status, household size, number of dependents, social group and educational status

5.3.3 Housing conditions of respondents

5.3.4 Details of sanitation in the households of respondents

5.3.5 Income, expenditure and ownership of assets and durables
5.3.6 Details of wages – mode of payment, frequency of payment 148
5.3.7 Details on participation in SHGs 151
5.3.8 Details of the Public Distribution System in sample respondents’ households 156
5.3.9 Details of place of work and preference for work 160
5.4 Summary 167

CHAPTER VI - DETERMINANTS OF RURAL LABOUR SUPPLY, INTER TALUK VARIATIONS AND PERCEPTIONS OF DEMAND SIDE – EVIDENCE FROM PRIMARY DATA 168-195

6.1 Introduction 168
6.2 Analysis of determinants of rural labour supply in study area 168
   6.2.1. Description of the data, model and variables 169
   6.2.2. Descriptive statistics 170
   6.2.3. Results and discussion 171
6.3 Analysis of inter taluk variations in daily wages, MPCE, labour supply days and work hours across taluks 175
6.4 Perceptions of the demand side 180
   6.4.1. Brief profile of agriculture in the district 182
   6.4.2. Cropping intensity 183
   6.4.3. Cropping pattern 184
   6.4.4. Size of land holding and number of holders 185
   6.4.5. Brief profile of sample respondents 186
   6.4.6. Problem of non availability of labour 187
   6.4.7. Strategies to address the problem of non availability of labour 191
6.5 Changes in rural labour market scenario – perceptions of demand side 194
6.6 Summary 195

CHAPTER VII - SUMMARY OF FINDINGS, RESULTS OF HYPOTHESES TESTING AND POLICY SUGGESTIONS 196-222

7.1 Introduction 196
7.2 Findings 197
   7.2.1. Findings based on secondary data analysis 197
   7.2.2. Findings based on primary data analysis 203
   7.2.3. Findings based on field observations 211
7.3. Summary of results of hypotheses testing 213
7.4. Policy imperatives 216
7.5. Directions for future research 220
7.6. Summary and conclusions 221

Annexures 223-237
Bibliography 238-249
Papers published
