ACKNOWLEDGEMENT

After completion of work, it is great pleasure to express my sense of gratitude towards all those who directly or indirectly helped me in the completion in my work.

First of all, I am very much thankful to Dr. D. S. Janbandhu, my teacher and guide, who encouraged and guided me in the completion of this work.

Because of several problems, the work was delayed, but finally, it could see the sunlight. In this venture my husband Principal R. R. Barsakhale encouraged me very much; my children also cooperated and helped me as much as they can. I feel, I must express formal sense of gratitude towards them.

Data were collected from different institutions of Aurangabad. I am indeed thankful to the principals and students of P. E. Society’s College of Physical Education, and S. V. Mandal’s College of Physical Education, Aurangabad.

For collecting relevant research material I had to visit to libraries of Dr. Babasaheb Ambedkar, Marathwada University, Milind College Aurangabad, Siddharth College Mumbai, and PES College of Physical Education Aurangabad. I am very much thankful to the librarians of these institutions, for their cooperation and help.

My sisters and elder relatives also encouraged me from time to time. I am thankful to them.
