Acknowledgement

This research project was spread over a period of about three years from September 2003 to October 2006. During this period necessary help was rendered to me by several persons in different ways. It is my solemn duty to express my sincere thanks to all of them.

First of all, I would like to thank the Ministry of Science & Research and Technology of Iran who awarded me a scholarship. I thank this Ministry, the Tabriz University, Faculty of Social and Human Science and Department of Economic for the opportunity; they provided me to study in India.

I acknowledge Department of Education in Ministry of Human Research and development, Govt. of India for approval of the research project.

I consider myself very fortunate to have Dr. Aftab Anwar Shaikh as my research guide. I express my sincere gratitude for his constant encouragement, cooperation and guidance throughout the research process.

I am particularly grateful to Dr. Kafi and Dr. Momeny, First Secretary and Director of Science & Education Section of Embassy of the Islamic Republic of Iran in New Delhi, for their invaluable assistance during the project study.

I was very lucky to be associated with the Department of Commerce & Management of the University of Pune, Ph.D. section and academic section of Pune University and Department of Accountancy of Poona College. I thank Dean, Head and Staff of these Departments of providing facilities during the study.

During the study, some companies provided me the data directly. It was possible to complete this study only due to their cooperation and assistance. I owe my sincere thanks to all of them.
I am also extremely thankful to the librarian staff of the National Institute of Bank
Management (NIBM) and the British Library, for their excellent cooperation and other
library service, they have rendered to me.

I am in debited to all my teachers from first till now, especially Dr. A. Dadgarie who
gave me very useful consultation in this period of study too.

I am extremely obliged to my wife Mrs. Mahin Yousefi for her sacrifice and
eagagement. Here companionship during the hardship time of the study made it possible
to complete my task.

I need to specially thank my sweet daughters, Kimiya and Diba for their patience.
They would forgive me because I have paid less attention to them and used the time for
concentration on my studies.

Last but not the least, I cannot forget the kindness and encouragement of my parents,
Mr. Mostafa & Hossain and Mrs. Del Afroze & Jamile, who have always encouraged every
successful step in my life.
