Acknowledgement

At this moment of accomplishment, I would like to offer my deep sense of gratitude and sincere thanks to my mentor Dr. D. C. Deka, Professor and former Head, Department of Chemistry, Gauhati University for his relentless and inspiring guidance in fulfilling my Ph. D. work. The work presented in this thesis could not have been accomplished without his guidance, constant inspiration, constructive criticism and cordial demeanour. I feel privileged to enjoy complete freedom to use my opinion in the research work. I’ll be grateful to him forever in my life.

I express my sincere thanks to Dr. B. K. Das, Professor and Head, Department of Chemistry, Gauhati University for providing all the necessary facilities to carry out my research work.

I would also like to acknowledge the members of my Ph. D. advisory committee Dr. P. J. Das, Professor and Dr. D. K. Kakati, Professor, Department of Chemistry, Gauhati University for devoting their precious time and making valuable and constructive suggestions which indeed helped to improve this thesis.

I also take the opportunity to offer my profound respect and regards to all the faculty members of the Department of Chemistry, Gauhati University.

I convey my sincere thanks to the official staff and laboratory staff of the Department of Chemistry, Gauhati University for their help at different stages of my work.

The financial supports from UGC, New Delhi for providing me BSR-RFSMS fellowship for research funding are gratefully acknowledged.

Life would have been extremely monotonous had there been no friends and lab mates like Monmi, Priyanka, Anju, Pankaj(S) da, Sukanya ba, Sanjoy, Nitu, Kajol da, Swarnali, Neog sir, Chakraborty sir, Pankaj(K) da, Moonmoon, Subaranjyoti, Pranami, Jutika, Anamika, Mustafa, Halim sir in my lab. It was with their company that I not only enjoyed doing research work but also had fun and frolic moments which will be cherished forever. Thank you all for your love, help and support. You all are the most remarkable for me during my Ph.D. tenure.

I would like to convey my heartiest thanks to all the research scholars past and present, Department of Chemistry, GU, especially Babita ba, Arun, Subhasish, Kamal, Biswea da and Jupi ba, Chayanika for their valuable support. I also like to appreciate my loving juniors specially Anupal, Deep, Jutika, Lakhya for their valuable support during my lab work.

My ever best friends from many years Rakhi, Tina, Ricky, Ranjana, Jyotismita, Payel, Leuza, Nishi, Barnalee, Partha, Imdad, Bornali, Payel, Moumita, Siva, Keshob, Aicharjya, Nayan, Divakar are greatly acknowledged from the bottom of my heart for their unforgettable love and support.

I am very much indebted to my in laws specially my mother in law, sisters in law Mrs Champa Kalita and her family; Mrs Arpana Deka and her family; brother in law Kuladhar Deka and his family and aunts in law specially Niru, Nili and Arati mahi who supported me in every possible way to see the completion of this work.

I would like to show my heartfelt gratitude to my grandmother and Dipali mahi for their endless affection in me has always given me strength. I wish to express my heartiest thanks to my loving brothers and sisters Muni, Maina, Munna, Papu, Namita, Bulbul, Denish, Niranjan, Tiku, Pulu, Bogi, Oli, Shanti for their love, help and encouragement.

A special thanks to my mother and father. Words cannot express how grateful I am for all the selfless sacrifices that you have made on my behalf. Your prayer for me was what sustained me thus far. Thank you ma and deuta for your unconditional love, endless support and help. I have been fortunate to have two lovely sisters, Matu ba and Janti and brother, Dhon who cherish me, love me, support me, help me in every aspect and motivates me. I love you all very much.

My sincere gratitude also goes to my brothers in law, Noni Gopal Dey and Manash Sekhar Baruah for their support. I would also like to express my love towards my cute little niece Chunchun and Manu whose one sweet call of ‘mahi’ gives me immense pleasure and much needed mental relaxation.

I owe my deepest gratitude towards my husband, Dip, without whom this effort would have been nothing. His greatest support, infallible love, belief and patience have taught me so much. Thank you so much for your understanding and encouragement.

And above all whose name is worth mentioning and whose name brings smile and joy to my life is my little daughter, Jagvi whose birth during my thesis writing period brought whole new changes to my life. Though it was not very easy for me to take care of her as well as complete my thesis, but the toothless angelic smile and the tiny embracing fingers makes life more beautiful and meaningful which gives me all the strength to overcome all the difficulties with utmost pleasure and complete my thesis.

Finally, I thank my God for letting me through all the difficulties. You are the one who let me finish my work. I will keep on trusting you for my future. Thank you Lord.

Thank you so much everyone for making this happen..!!!!
