ACKNOWLEDGEMENT

First of all, I would like to thanks God almighty who has been giving me everything to accomplish this thesis: Patience, health, wisdom, and blessing. Without all these things, I can’t finish this thesis while it is a condition in order to fulfill of the requirements for the research work.

This thesis becomes a very reality with the kind support and help of many individuals. I would like to extent my sincere thanks to all of them.

Foremost, I would like to express my deep and sincere gratitude to my research mentor, Dr. Dau. D. Agarwal Professor, SOS Chemistry Jiwaji University, Gwalior for giving me the opportunity to do research and providing invaluable guidance throughout this research. His dynamism, vision, sincerity and motivation have deeply inspired me. He has taught me the methodology to carry out the research and to present the research works as clearly as possible. His timely advise, meticulous scrutiny, scholarly advice and scientific approach have helped me to a very great extent to accomplish this task.

I would like to cordial thanks to my esteemed supervisor Dr. S.K. Srivastava. Prof. and Head S.O.S in Chemistry, Jiwaji University, Gwalior, for accepting me as a Ph.D student, your warm encouragement, thoughtful guidance, critical comments, and correction of the thesis. I am very greatful to you for the trust, the insightful discussion, offering valuable advice, your support during the whole period of the study, and especially for your patience and guidance during the writing process. It was a great privilege and honor to work and study under his guidance.

I am highly obliged to Dr. S.K. Srivastava Prof. and Head, School of Studies in Chemistry, Jiwaji University, Gwalior who so kindly allowed me to available all the necessary facilities in the department to carry this work.

I gratefully acknowledge Dr. P.N. Panday, Dr. R.C Malhotra DRDE Gwalior for allowing me to use the facilities at the Department of Chemistry and for useful suggestions.

I am very much thankful to my seniors and research colleagues Girraj Bairwa, Dr. Pramod K. Sahu, Dr. Ambika Chopra, Kapil Kumar, Monika Jain, Santosh K. Bhardwaj, Mrs. Menka Sharma, Varsha Sharma, Hariom, Rita Singh, Gyan Singh Sisodiya, Yogesh Gautam, Madhulata Bairwa, Archana Dhakad, Soneram Dhakad,
Pansing Dhakad, Dileep Singh, Durga Shankar for their constant encouragement and continued support in completing this research work.

I also want to express my gratitude to my research colleagues Ruchi Gupta, Archana Rajput and Ramlakhan Bairwa who made available their support in a number of ways, especially towards the completion of this task.

Words cannot express the feelings I have for my parents (Mr. Prahlad Bairwa & Mrs. Kunti Bai) and my Brother- (Ramesh Bairwa, Pawan Kumar & Mrs. Pooja Bairwa) for their blessing, inspiration and confidence in me and their constant unconditional support - both emotionally and financially throughout this work.

I owe to my deep and sincere gratitude to my family for their continuous and unparalleled love, help and support. I am grateful to my sister (Mrs. Mosami Bai, Ku. Ramdhara ) for their continuous help, encouragement, concern and always being there for me as a friend. I am forever indebted to my brothers for giving me the opportunities and experiences that have made me who I am. They selflessly encouraged me to explore new directions in life and seek my own destiny. This journey would not have been possible if not for them, and I dedicate this milestone to them.

I wish to convey my special thanks to my beloved wife Mrs. Pratibha Bairwa for his supports and love that help me during moments of disappointment.

Finally, it is my privilege to thanks the most important person in my life – my father and mother (Mr. Prahlad Bairwa, Kunti Bai). They has been a constant source of strength and inspiration. Without their patience and love, I would not have been able to complete this work.

I also thank all the staff members of Department of Chemistry and Industrial Chemistry, Jiwaji University Gwalior for their support to do this work.

Finally, my thanks go to all the people who have supported me directly or indirectly to completethe research work.
