ACKNOWLEDGMENT

It is a pleasure to present our research work in the form of this thesis. I take this opportunity to express my deep sense of gratitude to my research supervisor Dr. M. G. Kulkarni, Reader in Organic Chemistry, for his inspiring guidance and constructive criticism at all the stages of my work.

I am grateful to Prof. S. R. Gadre, Head of the Department and Prof. M. S. Wadia, Prof. M. V. Hegde, Prof. S. F. Patil, the former Heads of the department, for providing necessary facilities and constant encouragement.

It is indeed a great pleasure to acknowledge Prof. R. S. Mali, Dr. S. L. Kelkar, Dr. (Mrs.) R. S. Kusurkar, Dr. D. D. Dhavale, Dr. P. D. Lokhande, Dr. S. A. Kulkarni, Dr. S. P. Gejji, Dr. A. S. Kumbhar and Dr. S. G. Damle who helped me in several ways during the tenure of my work.

Valuable suggestions and fruitful discussions with Dr. H. R. Sonawane, Dr. T. Ravindranathan, Dr. K. N. Ganesh, Dr. S. V. Pansare, Dr. B. M. Bhawal, Dr. A. Sarkar, Dr. A. S. R. Deshmukh, Dr. A. A. Natu are gratefully acknowledged.

The unreserved generous help extended to me by my colleagues Ravi Rasne, Shankar Thopate, Ms. Saryu Davawala and Suvann Kulkarni is difficult to express in words.

Thanks are due to Mrs. J. P. Chaudhari for NMR spectra and A. P. Gadgil for micro analysis and IR spectra.

Thanks are also due to K. B. Chavan, G. R. Shinde, M. K. Sul, Sunil Salvi and Sudarshan Chavan for their cooperation.
Cooperation from technical section, accounts section and stores is gratefully acknowledged.

I would like to express my gratitude towards my parents and family members for their encouragement throughout my course.

Finally, I wish to thank CSIR, New Delhi for the award of a JRF and SRF during the tenure of this work.

Date 14/1/197
