LIST OF APPENDICES

Appendix                          Page
I  Size-classwise elements of cost as a whole, household consumption and 224
   output of boro-paddy for 1994-95
II Size-classwise elements of cost as a whole, household consumption and 225
    output of aman and aus-paddy for 1994-95
III Size-classwise elements of cost as a whole, household consumption and 226
     output of jute for 1994-95
IV Size-classwise elements of cost as a whole, household consumption and 227
    output of vegetables for 1994-95
V  Size-classwise elements of cost as a whole, household consumption and 228
    output of pulses for 1994-95
VI Size-classwise elements of cost as a whole, household consumption and 229
    output of oilseeds for 1994-95
VII Per tonne distribution of total cost of principal crops, non-principal crops 230
    and all crops as a whole and break up of output for 1994-95
VIII Size-classwise Arithmetic Mean, Standard Deviation and coefficient of 231
     variation of cost of production of principal and non-principal crops for 1994-95
IX Size-classwise acquisition and investment of funds as a whole and break 232
    up of land cultivated for 1994-95
X  Size-classwise household consumption, forced sales and normal sales as 233
    a whole with output of principal and non-principal crops for 1994-95
XI Size-classwise sales value, cost of sales, profit or loss and output sold as 235
    a whole of principal crops, non-principal crops and all crops as a group for 1994-95
XII Size-classwise vis-a-vis cropwise elements of cost as a whole for sale 240
    portion only for 1994-95
XIII Size-classwise Profitability Ratios on the sample farms for 1994-95 242
XIV Size-classwise coefficient of correlation between overall productivity and 244
     overall profitability for 1994-95
XV Questionnaire on Profitability Analysis of Agricultural Farming : A study 245
    based on household units in Nadia, West Bengal.
