ACKNOWLEDGEMENTS

It is a matter of great pride for me to thank Dr. P.K. Ranjekar, Scientist, National Chemical Laboratory, Pune 411 008 for his invaluable guidance and constant encouragement throughout the course of this investigation. It is with all sincerity that I express my indebtedness to him.

My thanks are also due to Dr. A.F. Mascarenhas for the guidance given during the earlier part of the investigation. No thanks can be enough to acknowledge the co-operation and cheerful company given by my colleagues and friends.

I would be failing in my duties if I do not thank Drs. C. SivaRaman, M.C. Srinivasan and J. Barnabás for providing me the necessary facilities in their capacity as Head, Division of Biochemical Sciences and Dr. L.K. Doraiswamy, Director, National Chemical Laboratory, Pune, for permitting me to submit this work in the form of a thesis.
