ACKNOWLEDGEMENT

It is by the grace and will of the Almighty that I have reached the finishing tape with a thesis in my pocket and it feels good! Sometimes I have been running against the wind, but most often I have had the wind behind me. I would like to take this opportunity to humbly express my deepest gratitude for the innumerable gesture of help, cooperation and inspiration that I have received from my teachers, elders, and friend and well-wishers during the course of this work.

I extend my sincere gratitude and appreciation to my supervisor Dr. V. S. Chauhan, Assistant professor, Department of Biotechnology, Institute of life Sciences, Bundelkhand University, Jhansi, for introducing me to the exciting field of research in Biotechnology. I will ever remain grateful to him for his excellent guidance, valuable suggestions, unending encouragement and constant cooperation throughout the period of my research work.

At the outset I owe a deep sense of gratitude and reverence to Prof. Dilip K. Arora, Director, National Bureau of Agriculturally Important Microorganisms (NBAIM), Kushmaur, Mau, and my co-supervisor for his persistent and diligent care and illustrious guidance during course of research work and preparation of the manuscript.

I express my deep sense of gratitude and admiration to Dr. A. K. Saxena, Senior Scientist for his valuable cooperation regarding research. His generosity, incessant inspiration, gracious guidance, active cooperation and affection during the entire period of my Ph. D programme.

I take the opportunity to express my profound thanks to Dr. R.C. Tripathi, senior Scientist, Dr A. K. Singh, Senior Scientist, Dr. Rajeev Kaushik, Senior Scientist, Dr A.B. Das, Senior Scientist, Dr. Mahesh and Mr. Anurag Chaurasia for their warm support and valuable suggestion that served as the starting point of this research.

I am immensely thankful to teachers of Department of Biotechnology, Bundelkhand University, Dr Bhanumati Singh, Dr Jose Mathew and Dr P. K. Pandey whose useful suggestions and help enabled the progress of this work.

I extend my profound thanks to Dr Ratul Saikia, Scientist C, Regional Research Labiratory (CSIR), Jorhat, Assam, for introducing me to the exciting field of research in Biotechnology.
I gratefully acknowledge the support and cooperation throughout my research tenure rendered by my co-workers Mr. Mukesh Yadav, Dr. Rakesh Singh, Dr Sudhanshu Kashyap, Mr Bharath Srinivasan, Mr Kishore Babu, Mr. Sandeep Nair, Mr Neeraj Soni and Mr. Sudeer Upadhyay.

I offer my humble thanks to my parents and my brothers for their love, encouragement and for being a source of strength and motivation over the years in every walk of my life.

My sincere thanks are extended to my friends Mr Akhilesh Kumar, Ms. Deepa Garg, Ms. Nidhi Singh, Ms Shachi Vardhan and Ms. Shweta Tiwari for providing a constant source of encouragement support, and cheerful company.

Last but not the least, I gratefully acknowledge the financial assistance provided by Indian Council of Agricultural Research (ICAR) India.

BHIM PRATAP SINGH
