ACKNOWLEDGEMENT

The degree of Phd would be in my name, but this success is not just mine. There are a number of persons behind this accomplishment. To start up with the acknowledgement part I would first like to thanks the almighty, my guru ji “Baba Dilip Singh Ji Bedi” for his blessings and showing the right path all through my life.

Making my research journey fruitful and successful, my guide Dr. Kapil Khattar has played an extensive role. His extended support helped me to select the topic of my choice as well as his valuable suggestions at every stage of the study made it easier to accomplish the work. Without his guidance, support and encouragement it would not have been possible to complete the work. I am grateful to him for his painstaking guidance and sparing his valuable time.

My husband Mr. Gagan Deep Kalra has been the constant source of inspiration and support, without his cooperation and encouragement it would not have been possible to complete my research. He has been the source of perennial motivator all through my research journey. He constantly stood by me in times of stress and strains that often dogged me during the preparation of this study.

I am also grateful towards in laws Mr. Devraj Kalra and Late Mrs. Asha Kalra, my parents Mr. S.K. Malhotra and Mrs. Savita Malhotra for their cooperation. No words would suffice to express my deep sense of gratitude to them. For what I am today is the result of their prayers.

I’m indebted also to my siblings Mrs. Jyoti Arora-Mr. C.P.Arora, Mrs. Rakhi Gulati-Mr. Amit Gulati and Mr. Saurabh Malhotra-Mrs. Ankita Malhotra for their regular assistance. I can never forget their valuable advice and guidance, my hearty salutations to them.
