ACKNOWLEDGEMENTS

Hardwork leads to success in all endeavours. But along with hardwork, guidance, help and blessings are necessary to reach the coveted destination. It gives me immense pleasure to express my sense of profound gratitude to my learned and experienced guide Professor Hemanta K. Baruah, Vice-Chancellor, Bodoland University, whose sincere guidance, valuable suggestions, encouraging treatment paved the way for completion of this piece of work. I shall be always indebted to him for his help, untiring guidance, inspiration and ready to help attitude.

It is my proud privilege to offer my sincere gratitude to Professor Okhil Kumar Medhi, former Vice-Chancellor, Gauhati University, for providing me this wonderful platform for research work.

I owe my sincere gratitude to the Head of the Department of Computer Science, Gauhati University, Professor Anjana Kakati Mahanta for her continuous encouragement throughout the tenure of the research work. Gratitude is due to all the Faculty members of the Department of Computer Science, Gauhati University, as they always showed an inspiring approach towards me and my work.

I am greatly indebted to my parents Mr. Saral Kumar Das and Mrs. Mamoni Das for their blessings and encouragement. Furthermore I want to express a deep sense of gratitude to my wife Sima for the affection, help, support and spontaneous encouragement I received during the tenure of investigation. Also, I thankfully remember the family members for their kind cooperation and help I received from time to time during the research work. I express my special thanks to my daughter Ribrib who patiently bore up my absence from home during the preparation of this thesis.

I am grateful to the Library staff, especially to Mr. N.N. Pathak of K.K. Handique Library and also express my gratefulness to all the institutions and persons who offered generous help directly or indirectly to bring this work to light.

Samarjit Das
