Acknowledgment

It is my pleasure to watch the harvest of my works gathered upon this manuscript. At the very outset I like to express my sense of gratitude to the members of DRC who has found my research topic i.e. “College Library Effectiveness Study with special reference to the colleges of Tinsukia and Dibrugarh districts” interesting and socially important that has been approved for final registration leading to my Ph.D. programme.

I like to express my profound sense of gratitude to Prof. Narendra Nath Sharma M.A., M.Lib.Sc. Ph.D. and Rtd. Head, Department of Library and Information Science, Gauhati University, for suggesting me the problem and valuable guidance during the course of investigation. For his valuable suggestions, constant interest and generous help it become a possible task for my part to conduct the work and complete the manuscript.

I also acknowledge the inspirations of Prof. N. Lahkar and Prof. R.K. Barman former Head Department of Library and Information Science, Gauhati University for their valuable suggestions and help to complete the work.

Further, no word is sufficient to express my deep sense of gratitude to Prof. Sanjay Kumar Singh, Head, Department of Library and Information Science, Gauhati University for his constant support, mild reminders from time to time to complete my work.

I am under obligation to Dr. Tilak Hazarika, Dr. Dipen Deka, Dr. Badan Barman Assistant Professors of the Department of Library and Information Science, Gauhati University for their encouraging words which help me to proceed with the investigation.

It is very difficult to express in words my gratitude to Dr. Manash Pratim Barman, Assistant Professor, Department of Statistics, Dibrugarh University for his help in analysing the collected data statistically and testing the Hypotheses.

Although it is not possible to mention the names of all the participants of this survey, I like to express my heartfelt gratitude to all the teachers, the students and my colleague librarian friends of 19 colleges selected for this study, who had spared their valuable time and completed the questionnaires without which the work was impossible to be completed.
I am under obligation to DHE of Assam and former principal Dr. B. K. Sen. Tinsukia Commerce College who had made it possible for me to carry out this Ph.D. work by giving permission. Also I acknowledge the inspiring words of present principal i/c Dr. P.S. Das to complete the work.

It is last but not the least; it will be a failure on my duty, if I do not record the deep appreciation of my family members, i.e. my mother Mrs. Aideu Nath who’s works given me inspiration to work for the Ph.D., wife, Usharani Bora who always commands me to finish the work at the earliest, my son Abhinav Nath who always asks me “papa have you finished your Ph.D. work? How many pages left? When you are going to submit? etc.”; and my daughter Anwesha Devi who always speaks “Papa, how long you will work for your Ph.D.? when you are going to take me to the park?” and many more.

Lastly, I like to acknowledge them whose names are left to mention here and help me in completing the work either positively or negatively. With these humble words I like to conclude.
