Chapter III - Research Methodology 94-110

3.1 Introduction 95

3.2 Research design 95

3.2.1 Exploratory research design 96

3.2.1.1 First stage 96

➢ Scale development procedure 98

3.2.1.2 Second stage 100

➢ Pilot study 100
➢ Reliability 101
➢ Validity 102
➢ Independent variables and dependent variables in the study 102
➢ Questionnaire Revision 103
➢ Final Questionnaire 104

3.2.2 Conclusive research design 105

➢ Sampling design 105
➢ Data collection design 108
➢ Processing of Data 108
➢ Data Analysis 108

3.3 Chapter summary 110

Chapter IV - Analysis and Interpretation of Data 111-225

4.1 Introduction 112

4.2 Section A: Demographic profile of the respondents 113

4.2.1 Demographic profile of the first age sub group 113

4.2.2 Demographic profile of the second age sub group 114

4.2.3 Demographic profile of the third age sub group 116

4.3 Section B: Analysis of significant influence of different demographic variables on the entrepreneurial attitudinal dimensions of youth 117

4.3.1 Results and interpretation of ‘Gender’ with respect to entrepreneurial attitude dimensions 118

4.3.2 Results and interpretation of ‘occupation of father’ with respect to entrepreneurial attitude dimensions 122

4.3.3 Results and interpretation of ‘Total annual income of family’ with respect to entrepreneurial attitude dimensions 130

4.3.4 Results and interpretation of ‘Entrepreneurial family background’ with respect to entrepreneurial attitude dimensions 139
4.3.5 Results and interpretation of ‘Age’ with respect to entrepreneurial attitude dimensions 144

4.4 Section C: Entrepreneurial attitude orientation of youth 146
4.4.1 Entrepreneurial attitude orientation of youth with respect to first age sub group 147
4.4.2 Entrepreneurial attitude orientation of youth with respect to second age sub group 149
4.4.3 Entrepreneurial attitude orientation of youth with respect to third age sub group 150

4.5 Section D: Scale development 152
4.5.1 Results of factor analysis 152
4.5.2 Results of confirmatory factor analysis (CFA) 163

4.6 Section E: Analysis of significant influence of different demographic variables on the attitude of youth towards entrepreneurs 167
4.6.1 Results and interpretation of ‘Gender’ with respect to attitude towards entrepreneurs 168
4.6.2 Results and interpretation of ‘occupation of father’ with respect to attitude towards entrepreneurs 174
4.6.3 Results and interpretation of ‘Total annual income of family’ with respect to attitude towards entrepreneurs 182
4.6.4 Results and interpretation of ‘Entrepreneurial Family Background’ with respect to attitude towards entrepreneurs 192
4.6.5 Results and interpretation of ‘Age’ with respect to attitude towards entrepreneurs 198

4.7 Section F: Attitude of youth towards entrepreneurs 201
4.7.1 Attitude of youth towards entrepreneurs with respect to first age sub group 201
4.7.2 Attitude of youth towards entrepreneurs with respect to second age sub group 203
4.7.3 Attitude of youth towards entrepreneurs with respect third age sub group 205

4.8 Section G: Discriminant Function Analysis (DFA) 206
4.8.1 Results of discriminant function analysis with respect to gender 207
4.8.2 Results of Multiple Discriminant Function analysis with respect to age sub groups 213

4.9 Chapter Summary 225

Chapter V- summary of findings, recommendations and conclusions 226-245

5.1 Introduction 227
5.1.1 Hypotheses of the study

5.2 Summary of the findings

5.2.1 Demographic profiles of the respondents

5.2.2 Findings of entrepreneurial attitude dimensions of youth with respect to ‘gender’

5.2.3 Findings of entrepreneurial attitude dimensions of youth based on their ‘father’s occupational background’

5.2.4 Findings of entrepreneurial attitude dimensions of youth based on their ‘total family income’

5.2.5 Findings of entrepreneurial attitude dimensions of youth based on their the ‘entrepreneurial family background’

5.2.6 Findings of entrepreneurial attitude dimensions of youth based on their ‘age’

5.2.7 Findings on the entrepreneurial attitude orientation of youth

5.2.8 Findings with respect to scale development regarding attitude of youth towards entrepreneurs

5.2.9 Findings regarding the attitude of youth towards entrepreneurs with respect to ‘gender’

5.2.10 Findings regarding the attitude of youth towards entrepreneurs based on their ‘father’s occupational background’

5.2.11 Findings regarding the attitude of youth towards entrepreneurs based on their ‘total family income’

5.2.12 Findings regarding the attitude of youth towards entrepreneurs based on their ‘entrepreneurial family background’

5.2.13 Findings regarding the attitude of youth towards entrepreneurs based on their ‘age’

5.2.14 Findings on the attitude of youth towards entrepreneurs

5.2.15 Findings of discriminant function analysis regarding significant discriminators among gender of youth.

5.2.16 Findings of multiple discriminant function analysis regarding significant discriminators among three age sub groups of youth.

5.3 Conclusion of the study

5.4 Recommendations of the study

5.5 Future scope of the study

Appendices 246-283

Bibliography 284-300
