**Instruction**

You have been introduced to Concept Attainment Model. You, as a trainee learner, must have formed some opinion about this new method. We would like to know your opinion with the help of statements given in the following. There are five choices given against each statement. These are Strongly Agree (SA), Agree (A), Undecided (U), Disagree (D) and Strongly Disagree (SD). Read each statement carefully. If you strongly agree with the statement, put a tick mark (✓) on SA. If you agree with the statement, put a tick mark (✓) on A. Sometimes if you are undecided about your opinion on a statement, put a tick mark (✓) on U and likewise you have to give your opinion.

Please feel free while giving your opinion, your responses will be kept confidential.

(xlv)
As a trainee learner

1. I feel this model provides sufficient scope to think independently.

2. I have generally failed to identify the essential attributes of the concepts.

3. I think it helps in developing critical study habits.

4. I get motivated when I see other raising hands while they attain the concept.

5. I remain vary active while learning through this model.

6. I feel it develops the ability to state the definition of concept in my own words.

7. I can recognise new examples related to the attained concept from the environment.

8. I feel it is time consuming yet no thorough understanding of the concept.

9. I think now I understand the correct process of learning the concept.

10. I think this new method in better than usual teaching method in learning the concept.
