</table>
5.10 Results of test of significance of the mean pre test scores of control group and experimental group namely, critical incidents in teaching

5.11 Results of the test of significance of mean post test scores of control group and experimental group: critical incidents in teaching

5.12 Self evaluation of the appropriateness of the critical incidents in teaching strategy towards strengthening the competence of reflective practices among teacher educands at secondary level

5.13 Results of the test of significance of mean pretest scores of control group and experimental group: Portfolio writing

5.14 Results of the test of significance of mean post test scores of control group and experimental group III: Portfolio writing

5.15 Self evaluation of appropriates of the portfolio strategy towards strengthening the reflective practices of teacher educands at secondary level

5.16 Analysis of variance ANOVA of the pre test and post test scores of teacher educands in the experimental groups and control group

5.17 Adjusted means for the post test scores of the total sample of teacher educands in the experimental groups (I, II and III) and control groups

5.18 Summary of ANCOVA of the pre test and post test scores of teacher educands in the experimental group I and control group for total sample

5.19 Summary of ANCOVA of the pre test and post test scores of teacher educands in the experimental group I and control group based on locale wise -urban sub sample

5.20 Summary of ANCOVA of the pre test and post test scores of teacher educands in the experimental group I and control group based on locale wise- rural sub sample

5.21 Summary of ANCOVA of the pre test and post test scores of teacher educands in the experimental group I and control group based on Gender wise -male sub sample

5.22 Summary of ANCOVA of the pre test and post test scores of teacher educands in the experimental group I and control group based on gender wise- female sub sample
5.23 Adjusted mean of post test scores of experimental group I for total sample, locale wise, gender wise sub samples

5.24 Summary of ANCOVA of the pre test and post test scores of teacher educands in the experimental II and control group for total sample

5.25 Summary of ANCOVA of the pre test and post test scores of teacher educands in the experimental group II and control group based on locale wise-urban sub sample

5.26 Summary of ANCOVA of the pre test and post test scores of teacher educands in the experimental group II and control group based on locale wise-rural sub sample

5.27 Summary of ANCOVA of the pre test and post test scores of teacher educands in the experimental group II and control group based on gender wise - Male sub sample

5.28 Summary of ANCOVA of the pre test and post test scores of teacher educands in the experimental group II and control group based on gender wise - Female sub sample

5.29 Adjusted mean of post test scores of experimental group II for total sample, locale wise, gender wise sub samples

5.30 Summary of ANCOVA of the pre test and post test scores of teacher educands in the experimental group III and control group for Total sample

5.31 Summary of ANCOVA of the pre test and post test scores of teacher educands in the experimental group III and control group based on Locale wise - Urban sub sample

5.32 Summary of ANCOVA of the pre test and post test scores of teacher educands in the experimental group III and control group based on locale wise - Rural sub sample

5.33 Summary of ANCOVA of the pre test and post test scores of teacher educands in the experimental group III and control group based on gender wise - Male sub sample

5.34 Summary of ANCOVA of the pre test and post test scores of teacher educands in the experimental group III and control group based on gender wise - Female sub sample

5.35 Adjusted mean of post test scores of experimental group III for total sample, locale wise, gender wise sub samples
5.36 Results of the test of significance of mean pre test scores of the journal writing group and critical incidents in teaching group

5.37 Results of the test of significance of mean and post test scores of the journal writing group and critical incidents in teaching group

5.38 Results of the test of significance of mean pre test scores of the journal writing group and portfolio group

5.39 Results of the test of significance of mean post test scores of the journal writing group and the portfolio group

5.40 Results of test of significance of mean pre test scores of the critical incidents in teaching group and portfolio group

5.41 Results of test of significance of mean post test scores of the critical incidents in teaching group and portfolio group

5.42 Comparative analysis of gain scores of performance of the control and experimental groups on the select components of reflective practices

5.43 Results of the test of significance of pre test scores of teacher educands in the control group based on gender wise

5.44 Results of the test of significance of post test scores of teacher educands in the control group based on gender wise

5.45 Results of the test of significance of pre test scores of teacher educands in the journal writing group based on gender wise

5.46 Results of the test of significance of post test scores of teacher educands in the journal writing group based on gender

5.47 Results of the test of significance of pre test scores of teacher educands in the Critical incidents in teaching group based on gender wise

5.48 Results of the test of significance of post test scores of teacher educands on critical incidents in teaching based on gender wise

5.49 Results of the test of significance of pre test scores of sub samples of teacher educands in portfolio writing group based on gender wise

5.50 Results of the test of significance of post test scores of sub samples of teacher educands in portfolio writing group based on gender
5.51 Summative vision of the results of the performance of total sample of pre test, post test and gain scores classified based on gender wise difference

5.52 Results of test of significance of the mean pre test scores of sub samples of teacher educands on the control group based on locale of institutions

5.53 Results of test of significance of the mean post test scores of the sub samples of teacher educands on the control group based on locale of institutions

5.54 Results of test of significance of the mean pre test scores of sub samples of teacher educands on the journal writing group based on locale of institutions

5.55 Results of test of significance of the mean post test scores of sub samples of teacher educands of the journal writing group based on locale of institutions

5.56 Results of test of significance of the mean pre test scores of sub samples of teacher educands on the critical incidents in teaching based on locale of institutions

5.57 Results of test of significance of the mean post test scores of sub samples of teacher educands on the critical incidents in teaching based on locale of institutions

5.58 Results of test of significance of the mean pre test scores of sub samples of teacher educands on portfolio writing group based on locale of institution

5.59 Results of test of significance of the mean post test scores of sub samples of teacher educands on the portfolio group based on locale of institution

5.60 Comparison of the changes in perception of teacher educands regarding their own attainment of reflective practices

5.61 Selection criteria of responsive interviewing

6.1 Comparison of the gain scores of the experimental and control groups on the four components of reflective practices

6.2 Summative vision of the results of the performance of teacher educands classified on the basis of gender wise difference

6.3 Summative vision of the results of the performance of teacher educands classified on the basis of locale wise difference
4.8 Inquiry stage of journal writing 127
4.9 Reference stage of the journal writing 127
4.10 Strategy phase of the journal writing 128
4.11 Implementation stage of the journal writing 129
4.12 Stages of the design in critical incidents in teaching 131
4.13 The critical incidents in teaching: practical stages 131
4.14 Diagnostic stage of the critical incidents in teaching 132
4.15 The critical incidents in teaching: Reflection stage 133
4.16 The critical incidents in teaching: Critical phase 134
4.17 Stages of the lesson design in portfolio writing 134
4.18 Planning phase of the portfolio 135
4.19 The hierarchical structure of the practice stage of portfolio 136
4.20 Gathering and selecting phase of portfolio 137
4.21 Reflection stage of the portfolio writing 138
5.1 Schematic representation of analysis of data 145
5.2 Classification of teacher educands on the basis of their level of competence in reflective practices via adoption of the self assessment rubric 167
5.3 Mean pre test scores of the experimental groups and the control group 185
5.4 Mean post test scores of the experimental groups and the control group 185
5.5 Mean of pre and post test scores of performance of the control and experimental groups based on the select components of reflective practices 208
5.6 Mean pre test, Post test scores of teacher educands belonging to four groups are classified according to gender wise 218
5.7 Level of change in perception of teacher educands regarding their own attainment of competence in reflective practices 226
