Acknowledgements

It is my great pleasure in expressing my deep sense of appreciation and heartfelt thanks to my supervisor and guide Prof. Santosh Kumar Sarkar, Department of Marine science, University of Calcutta for accepting me as a Research Fellow and his valuable guidance, critical supervision, constant encouragement and unfailing patience rendered throughout the study period.

I wish to express my gratefulness to Dr. John R. Dolan, Centre National de la Recherche Scientifique (CNRS), France for identification as well as for the microphotographs of the tintinnid ciliates.

Special thanks is also addressed to Dr. Wuchang Zhang, Institute of Oceanology, Chinese Academy of Sciences, China, Dr. M. S. Barria, Instituto Argentino de Oceanografía, Camino la Carrindanga, Argentina, Dr. Natalia Bojanic, Laboratory of plankton and shellfish toxicity Institute of Oceanography and Fisheries, Croatia and Dr. Habil. Sabine Agathan, Dept. Ecology and Evolution, Austria for their potential support and assistance during my research.

I would like to convey my thanks to Dr. Nallamuthu Gadhantaraman, Academic Staff College & Centre for Ocean and Coastal Studies (COCs), University of Madras for his valuable suggestions as well as guidance during identification of tintinnids.

I am very thankful to Department of Marine Science, University of Calcutta for providing infrastructural facilities during the tenure of my research work.

I feel honoured to acknowledge Dr. Amit Ray, Head, Department of Marine Science, University of Calcutta for his kind encouragement during the progress of this work.

I am greatly indebted to Prof. Tapan Kumar Jana, Dr. Tarun Kumar De, Dr. Sandip Kumar Mukhopadhy, Department of Marine Science, University of Calcutta for their guidance and support during my work. I also offer my warm thanks to Prof. Ashis Kumar Chatterjee, Department of Statistics, University of Calcutta for his help in statistical evaluation. Further thanks go to all the faculty members and lab members of Department of Marine Science, University of Calcutta.

I deeply acknowledge my thanks to the friendship, inspiration support of my seniors Dr. Mousumi Chatterjee, Dr. Aftab Alam, Dr. Bhaban Deb Bhattacharya, Dr. Sejuti Naba Biswas and co-fellows Ranju Chowdhury, Soumita Mitra & Priyanka Mondal for their encouragement and support in a number of ways. I must thank Bhaskar Bhunyani for his assistance in the field.

I cannot express my gratitude in mere words to my parents for their affectionate encouragement, patience and support for providing an excellent atmosphere.

Partial financial support from University Grants Commission (UGC), New Delhi, India and Council of Scientific & Industrial Research (CSIR), New Delhi, India is gratefully acknowledged.

I would like to worship the Almighty for his benevolence and thank Him for seeing me through the trials and tribulations of life till now.

Dibyendu Rakshit
