7. BIBLIOGRAPHY

Brian AB and Jackson JE (1982): Effect of applying growth regulating hormones following fruit tree pruning. 1. Effect of different types and concentrations of auxin and GA$_{4+7}$ and 6-benzylaminopurine on shoot emergence and wound healing of apple trees. *J. Hort. Sci.* **57:** 17-30.

Cao H, Shannon JC (1997): Effect of GA on growth, protein secretion and starch accumulation in maize endosperm suspension cells. *PGR,* **16:** 137-140.

Glasziou KT (1957): Respiration and levels of phosphate esters during kinetin induced cell division in tobacco pith sections. *Nature* **179**: 1083.

Roberts EH (1963): The effects of some organic growth substances and organic 

Roberts JA and Hooley R (1988): *Plant growth regulators. Published in USA by 
Chapman & Hall, New York.* **Pp:** 8-20, 80-92.

Rutgar JN (1965): Effect of seed germination of two growth retardants on barley 
(*Hordeum vulgare*). *Crop Sci.* **5(5):** 481-482.

Sachs RM and Lang A (1957): Effect of gibberellins on cell division in 
*Hyoscyamus. Science.* **125:** 1144.

Saini JS, Jolley RS and Singh OS (1987): Influence of chlormequat on growth 
and yield of irrigated and rainfed Indian mustard (*Brassica juncea*) in the field. *Exp. Agric.* **23:** 319-324.

chloride on photosynthesis and nitrate assimilation in wheat 

Sanchez-Urbina A, Ventura-Canseco L M C, Ayora-Talavera T, Abud-Archila M, 
Peez Farrera M A, Gutierrez M (2008): Benzyladenine and 2,4-D 
were optimized for seed germination, shoot and callus induction in 
*Agave grijalvensis. Asian J. Pl. Sci.* **7:** 752-756.

Sarkar S (2005): Effect of plant growth regulators and their interactions on 
University. Assam.

Sarma C (1982): Effect of hormonal treatments during seed development on the 

Sarma CM (1985 a): Interaction of gibberellic acid with kinetin and 2-chloroethy 

Sarma CM and Barman TS (1972-74): Effect of potassium nitrate and gibberellic 
acid on the germination of lettuce seeds in light and dark. *J. Univ. 
Gau.* **23-25:** 37-45.

Stodola FH, Raper KB, Fennell DI, Conway HF, Sohns VE, Langford CT and Jackson RW (1955): The microbiological production of gibberellins A and X. Arch. Biochem and Biophys. 54: 240-245.
