Preface

I have submitted my dissertation for PhD entitled "Work Conditions in Manufacturing Industries of West Bengal" under the apt guidance and supervision of Dr. Srutinath Praharaj. At the outset let me offer my heartfelt thanks and obligation to Dr. Arun Kumar Dutta Gupta and Dr. Sudipti Banerjea of the University of Calcutta, being my teachers also.

I am immensely indebted to Ex Labour Minister Mohammad Amin, Mr. Kali Ghosh, Ex CITU Secretary, West Bengal, and leaders like Sunil Sarkar, Dilip Dasgupta, Ratan Bagchi, Swapan Gupta, Sukhendu Biswas and Asit Sen, my friend Bivas Roy, my colleague Partha Sarathi Bhattacharjee, my brother Avijit Chowdhury, my nephew and niece Sayan and Pallabi and Mr. Sandip Bhattacharjee, Senior Analyst, MOOD. I remain forever thankful to the management staff and interviewed workers of the different factories I visited. I take the opportunity to thank all not mentioned here in this small space but who were of great service to me while I was preparing the above work.

I would like to acknowledge my debt to Prof. Amar Banerjee but for whom I would not have taken this venture. He is no more with us. He is an idol for me and still a source of inspiration in my life.

I started my research project in the year 2002. It took a long time and I faced a lot of problems during this period. The inspiration and sermons I derived from my guide, Dr. Srutinath Praharaj, have inspired me to the right direction. Needless to say I owe him a great deal.

In fine, let me dedicate this thesis to the toiling mass for whom it is exclusively meant.
