ACKNOWLEDGEMENTS

I am highly indebted to Professor Dr. A.V. Phadke, Department of Geology, University of Poona, under whose guidance, the present study was carried out. He has given me constant encouragement and provided untiring help at all stages during this work.

I am grateful to Professor Dr. A.M. Patwardhan, Head of the Department of Geology, University of Poona, for providing necessary facilities for this work.

I am also grateful to Professor Dr. K.B. Powar, former Head of the Department of Geology, University of Poona, for his valuable support and help during this work.

I extend my deep sense of gratitude to Shri D.P. Dhoundiyal, Director General, Geological Survey of India, for kindly permitting me to complete this work.

I express my grateful thanks to Shri M.N. Sehgal, Senior Deputy Director General, Geological Survey of India, Central Region Nagpur, for encouragement and support for this work.

I am deeply indebted to Dr. S.S. Ghodke, Director G.S.I. Pune, who encouraged me to take up this study and extended all possible help during the course of this work. I am indebted to him for kindly scrutinising most of the
chapters of this thesis and making valuable suggestions at all stages.

My grateful thanks are due to Dr. Y.S. Sahasrabudhe, former Director of the G.S.I. at Pune, for his keen interest in this work and valuable suggestions at all stages.

I extend my sincere thanks to Dr. V.V. Peshwa, Department of Geology, University of Poona and Shri S.R. Natu, Geologist, G.S.I. for their valuable help in the aerial photointerpretation. My sincere thanks are also due to my colleagues Shri Y.C. Joshi, Shri R.K. Saxena, Shri G.R. Kulkarni and Shri S.D. Pawar for their keen interest in the work.

I express my sincere thanks to Dr. L.K. Kshirsagar for critically going through the manuscript of this thesis.

My thanks are due to Shri A.D. Baride, Chemist (Senior) of the G.S.I. Pune, for extending his help in Chemical analyses of the selected samples.

I must express my deep sense of gratitude to Professor J.V.P. Long and Dr. Buckley of the Department of Earth Sciences, University of Cambridge; and Professor A.C. Bunham, Dr. P.W. Scott and Mr. Ramdas Kitturkar of the Department of Geology, University of Hull, U.K., for the extremely valuable help extended to Professor Phadke in the Electron Probe Micro Analyses of selected samples from the area covered by this thesis.
I also record my gratitude towards Dr. G.R. Soman, Professor Dr. V.G. Phansalkar and Dr. S.B. Deolankar for their constant encouragement in this work.

I express my sincere thanks to Shri H.R. Sali, and Shri B.M. Datar for their kind help in preparing the illustrations, and to Shri K.S. Bapat, for carefully typing the manuscript.

Department of Geology,
University of Poona,
Pune 411 007.
