ACKNOWLEDGEMENT

The present investigation was carried out at the S. N. Pradhan Centre for Neurosciences, University of Calcutta and Cellular and Molecular Immunology Laboratory, Department of Physiology, Institute of Post Graduate medical education and Research, West Bengal Health University, Kolkata.

I wish to express my deep and sincere gratitude to Prof. Debjani Guha, M.Sc., Ph.D, FABMS, Professor of Neuroscience, University of Calcutta, for her consistent effort in research in this field and under whose guidance the present work has been carried out. I am extremely indebted for her valuable advice and views in research without which the successful completion of this work would not have been possible.

I am greatly indebted to Prof. Swapna Choudhury, Professor & Head, Department of Laboratory Medicine, School of Tropical Medicine, Kolkata, my Co-investigator for her cooperation in biochemical and histological experiments.

My sincere thanks goes to Dr. Shyamal Das Gupta, for his continuous encouragement during my work.

I also express my sincere gratitude to Prof. Jharna Ray, Executive Director, S. N. Pradhan Centre for Neurosciences, Calcutta University for her sincere advice.

I am also grateful to Prof. Biswapati Mukherjee, Ex- Director, S. N. Pradhan Centre for Neurosciences, Calcutta University for his valuable comments.

My sincere thanks also goes to Prof. Ajay K Chatterjee, Ex Professor, Deptt. of Physiology for his valuable guidance in my biochemical work.

I extend my sincere thanks and gratefulness to my senior labmates Dr. Sudarshana Purkayastha, Post Doctoral Fellow, CUNY, USA, Dr. Rimi Hazra, Post Doctoral Fellow, Emory University, USA and Dr. Kausik Ray, Scientist B, DIPAS, Delhi who had helped me profoundly in doing my experiments during their stay in the laboratory.
My gratitude is also for Mr. Sentu Sarkar, Mr. Siddhartha Debnath, Mr. Debasis Biswas, Mr. Dipanjan Saha, Mr. Chandan Roy, Ms. Purnima Singh, and Mrs. Sutapa Pal (Das) who had contributed their time and toil towards helping me in my experiments as well as preparation and correction of my manuscript.

I am also thankful to Dr. Sudipta pal for her sincere guidance in biochemical experiments.

My sincere thanks goes to Dr. Arunangshu Sinha, for his consistent effort in photomicrography.

My sincere thanks is extended to the libraries of S. N. Pradhan Centre for Neurosciences, Calcutta University; Dept of Physiology, Calcutta University; Indian Institute of Chemical Biology, Kolkata; Bose Institute, Kolkata; Institute of Post Graduate Medical Education and Research, Kolkata for allowing me to avail their rich reference stocks.

I express my gratitude to my husband, Mr. Sankhasubhra Roychoudhury, my father, Mr. Nirmal K Gangopadhyay, my mother, Mrs. Rashmi Ganguly, my inlaws and other members for their interest and constant support throughout my work.

(RANITA GANGULY)
