LIST OF TABLES

3.2.2.2.1 Sampling Frame
3.2.3.2.1.1 Initial SPSS Reliability Output: Item-Total Statistics
3.2.3.2.1.2 SPSS Reliability Analysis Output after Removing Selected Items
3.2.3.3.1.1 Dimension-Wise Arrangement of Items in Attitude Scale
3.2.3.3.2.1 Inter Correlations of Values (Males)
3.2.3.3.2.2 Inter Correlations of Values (Females)
3.2.3.3.2.3 Split-Half Reliability
3.2.3.3.2.4 General Norms: College Students (N- 2450)
3.2.3.3.2.5 Sex Difference: 1350 Male Students
3.2.3.3.2.6 Sex Difference: 850 Female Students
3.2.3.3.2.7 Religious Differences: 700 Hindu Male Students
3.2.3.3.2.8 Religious Differences: 510 Muslim Male Students
3.2.3.3.2.9 Religious Differences: 255 Christian Male Students
3.2.3.3.2.10 Professional Differences: 180 Students of Medicine
3.2.3.3.2.11 Professional Differences: 130 Students of Engineering
3.2.3.3.2.12 High and Low Scores
3.2.3.3.2.13 Outstandingly High and Low Scores
4.3 Descriptive Statistics (N=400) Whole
4.3.1 Correlations (N=400) Whole
4.3.2 Multiple Regression (N=400) Whole
4.4 Descriptive Statistics (N=400) Males and Females
4.4.1 Analyses of Variance for Attitude of Males and Females
4.4.2 Descriptive Statistics (N=200) Males
4.4.2.1 Correlations (N=200) Males
4.4.2.2 Regression (N=200) Males
4.4.3  Descriptive Statistics (N=200) Females
4.4.3.1 Correlation (N=200) Females
4.4.3.2 Regression (N=200) Females
4.5  Descriptive Statistics (N=400) Undergraduates and Postgraduates
4.5.1 Analyses of Variance for Attitude of Undergraduates and Postgraduates
4.5.2 Descriptive Statistics (N=200) Undergraduates
4.5.2.1 Correlation (N=200) Undergraduates
4.5.2.2 Regression (N=200) Undergraduates
4.5.3 Descriptive Statistics (N=200) Postgraduates
4.5.3.1 Correlation (N=200) Postgraduates
4.5.3.2 Regression (N=200) Postgraduates
4.6  Descriptive Statistics (N=400) Gender and Education (Attitude)
4.6.1 Interaction between Gender and Education (Attitude)
4.7  Descriptive Statistics (N=400) Gender and Education (Values System)
4.7.1 Interaction between Gender and Education (Value System)
