LIST OF TABLES

1. Post-test Conducted among Students 131
2. Summary of Results of Students in Pre-test 133
3. ANOVA of Type of School, Sex and their Interaction in Pre-test 135
4. Mean table of Students in Pre-test 135
5. Matrix table on differences of Mean scores in Pre-test 136
6. Summary of Results of Students in Post-test on the basis of Three Methods 138
7. ANOVA of Type of School, Sex, Methods and their Interaction in Post-test 141
8. ANOVA of Type of School, Sex, Topics and their Interaction in Post-test 142
9. Mean Performance of Type of School 143
10. Mean Performance of Type of Sex 144
11. Mean Performance based on Three Methods 144
12. Mean Performance based on Three Topics 146
14. Matrix table on differences of Mean scores of Sex and Type of School in Post-test 147
15. Mean Performance of Co-ed and Single-School in relation to Three Methods in Post-test 149
16. Mean Performance of Boys and Girls in relation to Three Methods in Post-test 150
17. Matrix table on differences of Test-scores according to Sex and Method of Teaching 151
18. Mean Performance of Co-ed and Single School in relation to Three Topics

19. Matrix table on differences of Test-scores according to Type of School and Topic

20. Mean Performance of Boys and Girls in relation to Three Topics

21. Matrix table on differences of Test-scores according to Sex and Topics

22. Mean marks of Boys and Girls in Single and Co-ed School in relation to Three Topics

23. Mean marks of Boys and Girls in Co-ed and Single School in relation to Three Methods

24. Matrix table of Mean marks of Boys and Girls in Co-ed and Single School in relation to Three Methods
