ACKNOWLEDGEMENT

I owe my my teacher and supervisor Professor M.H. Qureshi, a debt of gratitude by grace of whom this thesis became a reality. His guidance and suggestions with great patience during the research became a source of great inspiration. His tolerance towards my limitations and his criticisms and suggestions were very vital during the course of research.

My special thanks to the Pradhans of the six villages surveyed and the respondents who responded with great patience. Dr. B. Sachdeva and staff of Shamli Sugar Mill, without their help it would have been difficult to reach interior villages in Muzaffarnagar.

I am greatful to GIS lab of CSRD for providing latest technology to digitize maps. Mr. Varghese and Mr. Salven, were a great help in understanding the application of GIS softwares.

My heartfelt thanks to my friends Abhay, Lalit, Jagdish and Ranjan for their support. A special thanks to Azim, Abhinav, Narendra, Taruna and Ziad.

Last but not the least, I would like to show gratitude to my family members, especially my father and my fiancee, without whose moral support and inspiration, this thesis would have been a difficult task to accomplish.
