CHAPTER I: INTRODUCTION 1-34

1.1 GEOGRAPHICAL BACKGROUND OF NEPAL 1
1.1.1 Geo-political and Administrative Division 1
1.1.2 Demographic Structure 2
1.1.3 Socio-economic Characteristics 4

1.2 MATERNAL AND CHILD HEALTH IN NEPAL 5
1.2.1 Status of Maternal Health 6
1.2.2 Status Child Health 8
1.2.3 Maternal and Child Health Delivery System 13
1.2.4 Maternal and Child Health Policies 15
1.2.5 The Goals of Maternal and Child Health Service
   Targeted in 10th plan 17
1.2.6 Maternal Health Programmes 17
   1.2.6.1 Safe Motherhood Programme 17
   1.2.6.2 FCHV Programme 18
   1.2.6.3 Traditional Birth Attendant Programme 20
   1.2.6.4 Family Planning Programme 20
1.2.7 Child Health Programmes 21
   1.2.7.1 Expanded Programme on Immunization (EPI) 21
   1.2.7.2 Control of Diarrhoeal Diseases 21
   1.2.7.3 Control of Acute Respiratory Infection 22
   1.2.7.4 Nutrition Programme 23
   1.2.7.5 Community Based Integrated Management
      of Childhood Illness (CB-IMCI) 23
   1.2.8 Implementation of Policies 24

1.3 STATEMENT OF THE PROBLEM 27
1.4 OBJECTIVES 32
1.5 HYPOTHESES 33
1.6 ORGANIZATION OF THE STUDY 34
CHAPTER II: LITERATURE REVIEW AND RESEARCH DESIGN

2.1 LITERATURE REVIEW

2.1.1 Demand Side Factors

2.1.2 Supply Side Factors

2.2 RESEARCH DESIGN

2.2.1 Conceptual Framework

2.2.2 Definition and Measurement Techniques of Response Variables and Explanatory variables

2.2.2.1 Response Variables:

2.2.2.2 Explanatory Variables

2.2.3 Methodology

2.2.3.1 Methodology Adopted for the Selection of the Study Area

1. Sample Size
2. Site Selection
   2.1 Nuwakot District
   2.2 Chitwan District
3. Sample Selection

2.2.4 Nature of Data and Methods of Data Collection

2.2.5 Methods of Data Analysis

2.2.5.1 Chi-Square Test
2.2.5.2 Independent T Test
2.2.5.3 Logistic Regression

CHAPTER III: CENTRAL DEVELOPMENT REGION: DEMOGRAPHIC, SOCIO-ECONOMIC AND HEALTH ASPECTS

3.1 INTRODUCTION

3.2 POPULATION CHARACTERISTICS

3.2.1 Population Size, Growth and Density

3.2.1.1 Population Size
3.2.1.2 Population Growth Rate
3.2.1.3 Population Density
3.2.2 Some Demographic Characteristics

3.2.2.1 Sex Ratio
3.2.2.2 Mean Age at Marriage
3.2.2.3 Child-woman Ratio

3.3 SOCIO-ECONOMIC CHARACTERISTICS

3.3.1 Male Literacy Rate
3.3.2 Female Literacy Rate
3.3.3 Urban Population
3.3.4 Dependency Ratio
3.3.5 Refined Economic Activity Rate
3.3.6 Small Scale Non-agricultural Activities

3.4 HEALTH CHARACTERISTICS

3.4.1 Availability and Accessibility of Health Services

3.4.1.1. Number of Government Health Institution
3.4.1.2. Number of Female Community Health Volunteers
3.4.1.3. Number of Traditional Birth Attendants (TBA)

3.4.2 Maternal Health Services

3.4.2.1. Four Times of Antenatal check-up
3.4.2.2 Delivery of Births Assisted by Health Personnel
3.4.2.3. Postnatal Check-up

3.4.3 Child Health Services

3.4.3.1. Incidence of Acute Respiratory Infection
3.4.3.2. Treatment for Acute Respiratory Infection
3.4.3.3. Incidence of Diarrhoea
3.4.3.4. Treatment for Diarrhoea

3.4.4. Impact of Health Services on Maternal and Child health Services

3.4.4.1. Impact of Total Number of Health Institutions on Maternal Health Services
3.4.4.2. Impact of Total Number of Combined FCHV/TBA on Maternal Health services
3.4.4.3. Impact of Total Number of Health Institutions on Child Health Services
3.4.4.4. Impact of FCHV/TBA on Child Health Services

3.5 SUMMARY
CHAPTER IV
CHITWAN AND NUWAKOT DISTRICTS:
PROFILE OF HOUSEHOLDS AND RESPONDENTS

4.1 INTRODUCTION

4.2 HOUSEHOLDS CHARACTERISTICS

4.2.1 Households by Family Size
4.2.2 Households by Religion
4.2.3 Households by Gross Income
4.2.4 Households by Status of Food Sufficiency
4.2.5 Households by Having a Radio /TV set
4.2.6 Households by Basic Amenities

4.3 CHARACTERISTICS OF THE RESPONDENTS

4.3.1 Age Composition
4.3.2 Respondents by Ethnicity
4.3.3 Respondents’ Educational Status
4.3.4 Exposure to Media
  4.3.4.1 Radio
  4.3.4.2 Television
  4.3.4.3 Electronic Media
4.3.5 Number of Children
4.3.6 Youngest Child by Age
4.3.7 Knowledge about the near by Health Center/MCH
4.3.8 Time Taken by Respondents to Reach Health Centre
4.3.9 Waiting Time at the Health Centre
4.3.10 Average Waiting Time to Get the Services at Health Centre
4.3.11 Loss of Opportunity Costs in Going to Get the Services at Health Centre
4.3.12 Type of Loss of Opportunity Costs in Going to Get the Services at the Health Centre
4.3.13 Visit of Health Worker During Pregnancy
4.3.14 Respondents by Problem/complication Faced During Pregnancy of the Last Birth
4.3.15 Respondents by Types of Problem/complication Faced During Pregnancy of the Last Birth
4.3.16 Respondents by Problem Faced During Delivery of the Last Child
4.3.17 Respondents by Types of Problem/complication Faced During Delivery of the Last Birth
4.3.18 Respondents by the Role of Decision-making regarding Their Own and Child Health Concerns

4.4 CHARACTERISTICS OF THE HUSBANDS

4.4.1 Educational Status
4.4.2 Husbands by Occupation
4.4.3 Husbands by Role of Decision-making on Maternal and Child Health Issue
4.4.4 Husbands as Heads of the Households

4.4 SUMMARY

CHAPTER V: UTILIZATION LEVEL AND PATTERN OF MATERNAL AND CHILD HEALTH SERVICES IN NEPAL

5.1 INTRODUCTION

5.2 UTILIZATION OF MATERNAL AND CHILD HEALTH SERVICES AT DISTRICT LEVEL

5.3 CHILD HEALTH CARE SERVICES

5.3.1 Immunization

5.3.2 Fever/Cough

5.3.3 Fever/Cough
5.3.2.3 Children by Place of Getting Treatment for Fever/cough
5.3.2.4 Children Who Had not been Taken to the Primary Health Centre for Treatment of Fever/cough along with Reasons

5.3.3 Diarrhoea Diseases
5.3.3.1 Children Suffered from Diarrhoea Diseases
5.3.3.2 Children Receiving Treatment for Diarrhoea
5.3.3.3 Percentage Distribution of the Children by Place of Treatment for Diarrhoea
5.3.3.4 Children Who Had not been Taken to the Primary Health Care Centres for Treatment of Diarrhoea Diseases

5.4 A COMPARISON OF UTILIZATION LEVEL FOR MATERNAL AND CHILD HEALTH SERVICES BETWEEN DISTRICTS

5.5 UTILIZATION OF MATERNAL AND CHILD HEALTH SERVICES ACROSS VILLAGE DEVELOPMENT COMMITTEES (VDCs)
5.5.1 INTRODUCTION
5.5.2 Utilization of Maternal Health Services in Nuwakot District Across VDCs
5.5.3 Utilization of Maternal Health Services in Chitwan District Across VDCs
5.5.4 Utilization of Child Health Services in Nuwakot District Across VDCs
5.5.5 Utilization of Child Health Services in Chitwan District Across VDCs

5.6 SUMMARY

CHAPTER VI: FACTORS AFFECTING THE UTILIZATION OF MATERNAL AND CHILD HEALTH SERVICES 247-299

6.1 INTRODUCTION
6.2 BIVARIATE ANALYSIS OF MATERNAL HEALTH SERVICES BY SELECTED EXPLANATORY VARIABLES
6.2.1 Age of the Respondents
6.2.2 Time Taken to Reach the Nearest Health Center
6.2.3 Ethnicity of the Respondents
6.2.4 Family Size of the Households
6.2.5 Income of the Households
6.2.6 Knowledge about Health Center/MCH
6.2.7 Exposure to Electronic Media
6.2.8 Visit of a Health Worker During Pregnancy at the Household
6.2.9 Educational Level of the Respondents
6.3 BIVARIATE ANALYSIS OF CHILD HEALTH SERVICES
BY SELECTED EXPLANATORY VARIABLES 264

6.3.1 Age of the Respondents 264
6.3.2 Time Taken to Reach the Nearest Health Center 265
6.3.3 Ethnicity of the Respondents 266
6.3.4 Family Size of the Households 267
6.3.5 Income of the Households 267
6.3.6 Knowledge about Nearest Health Center/MCH 267
6.3.7 Mothers’ Exposure to Electronic Media 268
6.3.8 Visit of a Health Worker 269
6.3.9 Educational Level of Mothers 269
6.3.10 Educational level of Fathers 270
6.3.11 Occupation of the Fathers 270

6.4 MULTIVARIATE ANALYSIS OF MATERNAL HEALTH
SERVICES BY SELECTED EXPLANATORY VARIABLES 273

6.4.1 Odds ratios for Utilization of Antenatal Check-up 274
6.4.2 Odds ratios for Utilization of Iron Folic Tablet 277
6.4.3 Odds Ratios of the Utilization of Tetanus Toxoid Vaccination 281

6.5 LOGISTIC REGRESSION ON CHILD HEALTH SERVICES 284

6.5.1 Odds ratios of the Treatment of Children Suffered
from Fever/cough 284
6.5.2 Odds ratios for Treatment of Children for Diarrhoea Diseases 287
6.5.3 Odds ratios for Fully Vaccinated Children 291

6.6 SUMMARY 295

CHAPTER VIII CONCLUSION 300-311

7.1 INTRODUCTION 300
7.2 Logistic Regression Analysis 304
7.3 Results of Regression 305
7.4 Policy Implications 308

REFERENCE 312-326
