ACKNOWLEDGEMENT

I wish to express my profound gratitude to my supervisor Dr. Arjun Kunwar Head Department of Chemistry, Satish Chandra Post Graduate College, (Ballia) for his able guidance, encouragement, support and for providing me with all the facilities for research work as well as for his help in critical interpretation of the data.

I am sincerely thankful to Dr. A.K.Gurtu, principal, S.C.P.G. College, Ballia (U.P.) for providing the necessary laboratory and library facilities to carryout the present investigation.

My sincere thanks to Dr. A.K.Singh (A.E.O., U.P. Pollution control Board, Allahabad) for granting permission to carryout the research work and for providing necessary laboratory facilities.

I am extremely grateful to Mr. Nirbhaya Kumar Singh for his moral support and a constant encouragement at all the time during the research period. I feel thirsty in finding swords proper and potent enough to express my real regards and gratitude to him. His kind co-operation could provide me energy enough to attain the activation state in reaching to the goal.

I wish to express my deep sense of gratitude and indebtedness to Mr. Krishna Kumar Ojha (Lect. Town Polytechnic Ballia U.P.) and Mr. Sanjeev Singh (S.C.P.G.College, Ballia , U.P.) without whose support and continuous encouragement, I would never have been able to undertake
the task of writing the manuscript of the thesis.

I wish to extend my sincere thanks to all the staff members of U.P. Pollution control Board, R.O., Varanasi for their help whenever possible.

I express my gratitude to Mr. Narendra Kumar Gupta for his moral support, continuous encouragement, inspiration and whole hearted cooperation throughout the work.

My sincere thanks are also to Mr. Kailash Chandra Srivastava, of Sri Sai Computers, Bishunipur Ballia for their hard work and keen effort in typing this thesis. I wish to express my appreciation to all those who helped me to make this thesis a reality.

I also extend my sincere thanks to Mr. Manish Upadhyay and all the staff members of Sunny Computers for his kind co-operation in computation and statistical interpretation of the data observed by me.

In the last but not the least I thank my respected mother Smt. Uma Gupta, respected father Sri Moti Lal Gupta, my younger brother Sandeep, younger sister Anika Gupta and Grand mother who had been a constant source of encouragement and the nuclear parts having vigil and control on my academic activities and sharing with me all the times.
