List of Figures

Figure 1: *Why customers leave* (Paternoster, 2007) ........................................ 13
Figure 2: *ASQ satisfaction rankings* (Ingram, 2012) ........................................ 15
Figure 3: *Service Quality Model (SERVQUAL)* (Parasuraman, Zeithaml & Berry, 1985) ................................................................. 23
Figure 4: Functional Fluency Construct (Temple, 2002) ................................... 28
Figure 5: *Basic Model of Transactional Analysis* (Berne, 1961) ................. 41
Figure 6: The Parent Ego State – The Taught Concept of Life (Berne, 1961) .................................................................................. 43
Figure 7: The Child Ego State – The Felt Concept of Life (Berne, 1961) .......... 44
Figure 8: The Adult Ego State – The Thought Concept of Life (Berne, 1961) .................................................................................. 46
Figure 9: Prejudice (Berne, 1961) ................................................................. 47
Figure 10: Delusion (Berne, 1961) ................................................................. 47
Figure 11: Prejudice and Delusion (Berne, 1961) ................................. 48
Figure 12: Complementary Transactions (Berne, 1961) ............................. 50
Figure 13: Un-Complementary Transactions (Berne, 1961) ....................... 50
Figure 14: *React and Respond Diagram Elaborated* (Temple, 2002) . 56
Figure 15: *Three categories of human functioning as informed by ego state theory* (Temple, 2003) ............................................. 57
Figure 16: *Functional Fluency constructs* (Temple, 2002) ......................... 58
Figure 17: The 9 Modes and their Functioning ......................................... 63
Figure 18: Graphical Representation of Normal Distribution – 9 Modes ...................................................................................... 84
Figure 19: Enhance-Restrain Training Framework ..................................... 91
Figure 20: Factoring & Labeling of the Descriptors ..................................... 92
Figure 21: Descriptors based Pen-Picture Training Framework .......... 94
Figure 22: Bridging Gap 3 of SERVQUAL Model with Mode based and Descriptors based Pen-Picture Training Framework ........ 95
Figure 23: Graphical representation of the demographic profile ......... 101
Figure 24: Mode Frequency on the 9 Modes – Distribution around the Mean ...................................................................................... 105
Figure 25: Average Profile of CSAs on 5 Positive Modes ................. 110
Figure 26: Average Profile of CSAs on 4 Negative Modes .......... 111
Figure 27: Scree Plot - factor analysis .................................................... 118
Figure 28: 9 Modes and Emerged Descriptors .................................... 131
Figure 29: 9 Modes Enhance-Restrain Training Framework ............. 134
Figure 30: Positive modes of Functional Fluency model and customer service (Sahai et al., 2014) .......................................................... 135
Figure 31: Negative modes of Functional Fluency model and customer service (Sahai et al., 2014) .......................................................... 135
Figure 32: Pen-Picture Modes’ Descriptors Training Framework – Airport Travel Retail Staff, IGI Airport .................................................... 137
Figure 33: Bridging Gap 3 of SERVQUAL Model with Mode based &
Descriptors based Pen-Picture Training Framework ...................... 138
