ACKNOWLEDGEMENT

Words are sometimes too small to reveal one’s deep regards. I take the opportunity to convey my profound sense of gratitude and thanks to all who helped me for the completion of the thesis right from the inception.

First and foremost, I would like to thank the Almighty GOD, the compassionate, the merciful, who kindly helped me to complete my thesis, by blessing me with patience, health, and wisdom.

My utmost gratitude to my supervisor, Dr. K. Venkata Ramanaiah, Associate Professor, HOD of Electronics and Communication Engineering, Y.S.R Engineering College of Yogi Vemana University, Proddatur. I would like to express my sincere gratitude for his valuable guidance, advice, supervision, and kindness to me throughout this period of study and enlightening me on various aspects of my work.

I am also very grateful to my co-supervisor Dr. V. Sumalatha, Professor, HOD of Electronics and Communication Engineering, JNTUA College of Engineering, Ananthapuramu for her support, valuable guidance, and kindness to me for successfully carrying out this research work and enlightening me on various aspects.

I would like to express my sincere thanks to the Management, Chairperson Smt. D. A. Sathya Prabha, Principal, & all staff members of the Department of Electronics and Communication Engineering, Sreenivasa Institute of Technology and Management Studies (SITAMS), Chittoor for their assistance and continued support and all those who helped me directly or indirectly during the course of work.

I would like to thank all staff members of the Department of Electronics and Communication Engineering, JNTUCEA, Ananthapuramu, for their help and continued support and all those who helped me directly or indirectly during the course of work. I would like to thank Prof. K. Rama Naidu, Director of Evaluation and Prof. S.V. Satyanarayana, Director, R & D for their help and worthy remarks towards improving the thesis work.
I want to thank Dr. Vikram Kumar Pudi, NTU, Singapore for providing a
initiated help and support during this study. I am very much thankful to Dr.
Sreeramula Sankaraiah, Data Science Manager at Averis Sdn Bhd, Malaysia. He gave
valuable suggestions on many aspects. I would like to thank Dr. V. Vijaya Kishore,
Dr. G.K. Rajini and Mr. A. Vinayagam for giving me valuable suggestions.

This thesis would never have been completed without the encouragement and
devotion of my family and friends. My wholehearted thanks to my beloved husband
Vijaya Sankar Naidu, son Nikhil. My husband and son had constantly prodded me to
pursue higher education provided cooperation extending their ubiquitous care and
moral support for the successful completion of my research work. I express my
sincere gratitude towards them. I am also very much thankful for the support and
motivation provided by my uncle Dr. G.H.S. Naidu, Librarian, and Head DAVV
Central Library, Indore.

It would not have been possible to complete this thesis without the blessings
of my grandfather Late Sri G. Narayana Swamy Naidu. He would have been the first
person to be happy to see me completing my Ph.D. He had been showering blessings
upon me and he would be the driving force behind whatever I achieve.

I wish to thank my parents Smt. Varalakshmi and Sri. Bhaskara Naidu, my
mother in law Smt. Jagadamba, father in law Sri. Narasimhulu Naidu for their prayer
and support in every aspect of my life. I extend my thanks to my grandmother, sisters,
brothers, brother-in-laws, sister-in-laws, uncle Himavantha Naidu, in-laws, and best
friends Sunitha, Sabinara, and Sailaja for their prayer and support.

I would like to extend my immense gratitude to innumerable people who
helped and supported me, all through the period of my thesis, with their suggestions
and guidance I thank one and all.

Finally, I would like to dedicate this thesis to My Family for constant support
and encouragement.

D.AJITHA
