ACKNOWLEDGEMENTS
First of all, I bow may head before the All – Pervasive Spirit rules over the whole universe and then before my revered teachers who infused in me the spirit of delving deep into possibilities of unexplored are of my research work and led me to accomplish this huge task.

Above all I remained indebted my thanks go to my revered internal guide, Dr. N.A.Siddiqui, Associate Professor & Head-Health, Safety, Fire and Environment Engineering Department, University of Petroleum & Energy Studies, Dehradun. For his relentless efforts and invaluable guidance provided to me over the years to turn my long cherished dream into a reality. His kind and benevolent disposition, his method of discussion on various difficult and complicated problems, guiding me in field and experimental work, his way of making one understand the difficult research methodology, made things more easy than they apparently appeared difficult.

My heartfelt sincere thanks go to my external guide, Prof. Dr. Ram S Hamsagar, EHS Consultant, New Delhi. I am grateful to him for valuable suggestions, ideas and all support extended from the beginning of Research Work.

I am extremely grateful and highly obliged to respected Dr. Vinod Nowal, Director and CEO providing special permission to do (carry out) work at M/s JSW Steel Limited, Vijayanagar Works and sponsored this project to UPES, Dehradun.

Fruitful discussion and advices provided by FRC Experts of UPES, Dehradun from beginning to final presentation of Abstract PhD helped great extent in shaping this Research Project in more meaningful and useful to industries in developing better EHS Culture.

I am thankful to Dr. Shrihari, Chairman FRC and Dean, College of Engineering Studies for guiding the Road Map for improving the industrial Safety Culture.
I am grateful for M/s JSW SL Management for extending all direct and indirect support and also providing financial support for carrying out this Research Work.

My thanks go Safety Officers namely: Mr. Santosh Konde, Mr. Jaffer Sadiq Vali.S, Mr.Md.Farhan Ahmed, Mr. Vishnukumar, Mr.Neanth G, Mr. Raghavendra Reddy, Mr. Shiva Sai Prasad G, Mr. Madhava Rao B, Mr. Hosigerappa, Mr. Mitbavkar Srikant S, Mr. Mr. Lohit, Mr. Raj Babu, Mr. Venkatesh S.R., Mr. Rajiv BG, Mr. Shantesh C, Mr. Ashok Kumar P, Mr. M.K.Moinuddin Basha, Mr. Lokre Shankar Rao, Mr. Yerriswamy T, Mr. Shanmukha, Mr. Anand H. Shirashyad and and Ms Saraswathi, for all help extended to carry out the Project Work at M/s JSW Steel Limited.

I am thankful to all Head of Departments (HODs) of M/s JSW Steel Limited for helping in conducting the ENVIRONMENT, HEALTH & SAFETY (EHS)-CULTURE EVALUATION AND DEVELOPING IMPROVEMENT PLAN FOR INDUSTRIES.

I am also thankful to respected Dr. Ramakrishna, AGM (JKC, TQM) of M/s JSW Steel Limited for having their valuable suggestions, motivation and advice from time to time.

My sincere thanks goes to Mr. S.M.R. Prasad, AVP (Environment Engineering) for assisting in this project work.

The greatest support came from my family, Children helping and supporting me during my course of work. They always affectionately boosted my morale in all kinds of difficulties.

The patience and understanding of my wife Mrs Jaya Yogeswara and my lovely son Jayesh Thotad and daughter Sharada Thotad encouraged from the beginning for completing this Project Work.
Last but not least thanks goes to all Staff of Safety and Fire Services Department of M/s JSW Steel Limited for their encouragement and cooperation throughout this work.

Thotad Yogeswara
