ACKNOWLEDGEMENTS

I am extremely fortunate to have worked under the supervision of Dr. E. Sreekumaran, Reader in Physiology, Department of Life Sciences, University of Calicut, Kerala. I extend my sincere and respectful gratitude for the same for his inspiration, guidance and invaluable suggestions and criticisms on various occasions of this endeavour.

Gratitude and appreciation are extended to Dr. Fathimathu Zuhara K, Professor of Microbiology, Department of Life Sciences, Dr. B. S. Harikumaran Thampi, Reader in Biochemistry, Dr. Denoj Sebastian, Assistant professor in Microbiology, Dr. D. Gayathri Devi & Mr. Emmanuel Simon, Faculties of Biochemistry, Department of Life Sciences for their guidance, suggestions and comments during experiments and preparation of this work.

I extend my gratitude to all non-teaching faculties of the Department of Life Sciences for their help and support. I thankfully remember Mr. Jamsheer, Librarian of the Department of the Life sciences, for his sincere help.

My thanks to Dr. A. K. Pradeep, Assistant Professor of Botany and Herbarium Curator, Department of Botany, University of Calicut, for identifying the plant specimen.
I extend my sincere thanks to Dr. K. V Mohanan, Director, Inter University centre, University of Calicut, for his wholehearted support given throughout the experimental work.

I am grateful to Mr. Muhammed Sajid, Instrumentation Engineer, Department of Science and Instrumentation, University of Calicut, for his timely help.

I am also grateful to Ms. Nazeema Beevi, Research scholar, Department of Statistics, University of Calicut, for the expert guidance and valuable support in helping me in the statistical work for this study.

I acknowledge with special thanks to Ms. Seena, Mrs. Greeshma, Mrs. Deepthi, Mr. Ahamed shahal, Mr. Sreejesh, Ms. Nisha, Ms. Sneha, Research Scholars, Department of Life Sciences for helping me throughout the work.

I express my thanks to Mr. Bijesh K, Ms. Rinju, Mrs. Liji, Ms. Reshma valsalan, Ms. Akhila, Ms. Ambili, Mrs. Deepa, Mrs. Shiji Thomas, Mrs. Sereena, Mrs. Sreena, Ms. Smitha, Mrs. Preenanka, Ms. Steni, Mrs. Divyasree and Mr. Kishore, Research Scholars, Department of Life Sciences, for their kind support and co-operation.

I would like to thank Mrs. Lamiya and Mrs. Showmi, Research scholars, Inter University centre for helping me to take photographs of histological preparations.

I am grateful to Mrs. Sana Varma for her timely help.
I also express my thanks to the juniors and sub juniors of the department, for their loving encouragement and help throughout my work.

I am highly indebted to my husband Mr. Haris Muhammed, who supported me throughout my work in all respects and my parents, sister and in-laws for their love, support and encouragement.

Finally, I extend my greatest regards to the almighty for bestowing upon me the courage to face complexities of life and complete this work successfully.

RAHMATHA
