ACKNOWLEDGEMENTS

The joyness, satisfaction and euphoria that comes along with successful completion of any work would be incomplete unless we mention the names of the people who made it possible, whose constant guidance and encouragement served as a beam of light and crowned out the efforts. My work bears the imprint of all those people, I am grateful to.

It is with immense gratitude that I acknowledge my esteemed guide Dr. GARIKAPATI DEVALA RAO, Professor & Principal, KVSR SIDDHARTHA COLLEGE OF PHARMACEUTICAL SCIENCES for the affectionate encouragement, meticulous guidance, inspiring advices and moral support given to me throughout the course of investigation.

The chain of gratitude would be definitely incomplete without acknowledging my respected Parents Paladugu Venkateshwara Rao, Dhana Rani, and In-laws Bonthu Suryanarayana, Bharathi Laxmi who taught me the value of hard work, humbleness and given unconditional support and blessings.

I would like to thank my loving husband and My Son Mr Bonthu Satyanarayana & KAUSHIK for their love, support, encouragement and timely suggestions in completion of my work.

I take this opportunity to thank my students Shaik Irfan Pasha and Mandadapu Prasanth for their timely and excellent typographical work.

I extend my thanks and gratitude to all the management members of Sri Laxmi Saraswati Educational Society, teaching and non-teaching staff of Max Institute of Pharmaceutical Sciences.

Finally, all the above I pay my devoted thanks to the ALMIGHTY, for giving me the strength and the favorable circumstances to make this accomplishment. I also thank everyone who knowingly and unknowingly helped me to complete my project.

Thankful I ever remain.....

Nagakanyaka Devi Paladugu
