ACKNOWLEDGEMENTS

“On the recollection of so many and great favours and blessings, I now, with a high sense of gratitude, record my sincere thanks to the Almighty, the Creator and Preserver”

By the grace of almighty ‘GOD’ I am here today to express my gratitude to all the persons who supported me a lot during this journey. The completion of this thesis is not the work of one person. It was dependent as much upon the people who provided emotional support as on those who helped directly with the study. Therefore first and foremost, my extensive gratitude goes to my mentor, most erudite and most esteemed Dr. Sushma Gupta, Assistant Professor, Department of Education, Kurukshetra University, Kurukshetra for her dexterous supervision, useful suggestions, constructive criticism and help throughout the execution of this work. Words are not enough to express my heart filled with gratitude towards her for suggesting me this novel topic and making me understood the relevance of this topic. Her expertise, constructive feedback enabled me to accomplish this study.

With the same sense of gratification my sincere thanks to Prof. Ramana Sood, Chairperson, Department of Education, for her support in providing me all the necessary facilities for smoothly conducting and completing this work.

I express my sincere thanks to all the academic and administrative staff of Department of Education, Kurukshetra University, Kurukshetra for supplying me resources during the course of my work.

I wish to place on record the help of the librarians of Kurukshetra University, Panjab University, NCERT, M.D. University (Rohtak), Pash Library (Karnal) for the material assistance and permission to sit and study there.

I gratefully acknowledge my indebtedness to the principals, teachers and students of different schools who cooperated me in data collection. I am also thankful to all the teaching and non-teaching staff members of the Dr. Ganesh Das D.A.V. college of Education, Karnal, for their kind cooperation.

I am unable to express in words my ardent sentiments for my loving parents and in-laws who silently endured my absence from home during my research work and fully cooperated in its completion. I cannot eschew to mention my heartfelt contentment to my husband Mr Sukhdev whose unfailing inspiration and constant
encouragement was the main driving force which enabled me to pursue my research work. I am deeply beholden to my little kids Achint and Vansh whose pleasant and refreshing interruptions have made the present work more enjoyable. My all friends especially Asha, Rashima and Rajni deserve a special mention for their helping attitude, cooperation and suggestions.

I cannot forget my humblest gratitude to the Almighty for giving me strength and courage in completing my thesis in time and blessing me in each and every step of my life.
