2.3.2 Studies in India  52
2.4 Studies related to Academic Anxiety  54
  2.4.1 Studies conducted Abroad  54
  2.4.2 Studies in India  56

III. PLAN AND PROCEDURE  61-76
  3.1 Research Methodology  61
  3.2 Population and Sample  62
  3.3 Sample Design  63
  3.4 Description of the Tools  63
    3.4.1 Life Skill Scale  63
    3.4.2 Bell’s Adjustment Inventory  66
    3.4.3 Self-Confidence Scale  69
    3.4.4 Academic Anxiety Scale  71
  3.5 Data Collection  75
  3.6 Statistical Techniques used  76

IV. ANALYSIS AND INTERPRETATION  77-112
  4.1 Nature of score distribution  79
  4.2 An overview of the Adjustment, Self-Confidence, Academic Anxiety and Life Skills of senior secondary school students.  84
    4.2.1 Percentage of Adjustment of senior secondary school students  85
    4.2.2 Percentage of Self-Confidence of senior secondary school students  86
4.2.3 Percentage of Academic Anxiety of senior secondary school students 87
4.2.4 Percentage of Life Skills of senior secondary school students 88
4.3 Correlation between Life Skills and adjustment, Life Skills and Self-Confidence, Life Skills and Academic Anxiety of senior secondary school students 89
4.3.1(a) Correlation between Life Skills and Home adjustment of senior secondary school students 91
4.3.1(b) Correlation between Life Skills and Health adjustment of senior secondary school students 92
4.3.1(c) Correlation between Life Skills and Social adjustment of senior secondary school students 93
4.3.1(d) Correlation between Life Skills and Emotional adjustment of senior secondary school students 94
4.3.2 Correlation between Life Skills and Self-Confidence of senior secondary school students 95
4.3.3 Correlation between Life Skills and Academic Anxiety of senior secondary school students 96
4.4 Analysis Interpretation Based on Differential 97
4.4.1 Significance of difference in Life Skills of female and male students of senior secondary schools 98
4.4.2 Significance of difference in Adjustment of female and male students of senior secondary schools 100
4.4.3 Significance of difference in Self-Confidence of female and male students of senior secondary schools 102
V. FINDINGS, DISCUSSIONS, EDUCATIONAL IMPLICATIONS AND SUGGESTIONS FOR FURTHER STUDY

5.1 Main Findings of the Study

5.1.1 Findings with regard to overview of the Adjustment, Self-Confidence, Academic Anxiety and Life Skills of senior secondary school students

5.1.2 Findings with regard to relationship between Life Skills and Adjustment, Life Skills and Self-Confidence, Life Skills and Academic Anxiety of senior secondary school students

5.1.3 Findings with regard to relationship between Life Skills (various dimensions) and Home Adjustment of senior secondary school students

5.1.4 Findings with regard to relationship between Life Skills (various dimensions) and Health Adjustment of senior secondary school students
5.1.5 Findings with regard to relationship between Life Skills (various dimensions) and Social Adjustment of senior secondary school students 115
5.1.6 Findings with regard to relationship between Life Skills (various dimensions) and Emotional Adjustment of senior secondary school students 116
5.1.7 Findings with regard to relationship between Life Skills (various dimensions) and Self-Confidence of senior secondary school students 116
5.1.8 Findings with regard to relationship between Life Skills (various dimensions) and Academic Anxiety of senior secondary school students 117
5.1.9 Findings with regard to comparison between the Life-Skills of female and male students of senior secondary school 117
5.1.10 Findings with regard to comparison between the Adjustment of female and male students of senior secondary school 118
5.1.11 Findings with regard to comparison between the Self-Confidence of female and male students of senior secondary school 119
5.1.12 Findings with regard to comparison between the Academic Anxiety of female and male students of senior secondary school 119
5.1.13 Findings with regard to comparison between the Life-Skills of private and government students of senior secondary school 119
5.1.14 Findings with regard to comparison between the Adjustment of private and government students of senior secondary school 120
5.1.15 Findings with regard to comparison between the Self-Confidence and of private and government students of senior secondary school

5.1.16 Findings with regard to comparison between the Academic Anxiety of private and government students of senior secondary school

5.2 Discussions of the Result

5.2.1 Discussion of the results with regard to an overview of the Adjustment, Self-Confidence, Academic Anxiety and Life Skills of senior secondary school students

5.2.2 Discussion of the results with regard to correlation between Life Skills and Adjustment, Life Skills and Self-Confidence, Life Skills and Academic Anxiety of senior secondary school students

5.2.3 Discussion of the results with regard to relationship between Life Skills (various dimensions) and Home Adjustment of senior secondary school students

5.2.4 Discussion of the results with regard to relationship between Life Skills (various dimensions) and Health Adjustment of senior secondary school students

5.2.5 Discussion of the results with regard to relationship between Life Skills (various dimensions) and Social Adjustment of senior secondary school students

5.2.6 Discussion of the results with regard to relationship between Life Skills (various dimensions) and Emotional Adjustment of senior secondary school students
5.2.7 Discussion of the results with regard to relationship between Life Skills (various dimensions) and Self-Confidence of senior secondary school students 127
5.2.8 Discussion of the results with regard to relationship between Life Skills (various dimensions) and Academic Anxiety of senior secondary school students 128
5.2.9 Discussion of the results with regard to comparison between the Life-Skills of female and male students of senior secondary school 128
5.2.10 Discussion of the results with regard to comparison between the Adjustment of female and male students of senior secondary school 129
5.2.11 Discussion of the results with regard to comparison between the Self-Confidence of female and male students of senior secondary school 129
5.2.12 Discussion of the results with regard to comparison between the Academic Anxiety of female and male students of senior secondary school 130
5.2.13 Discussion of the results with regard to comparison between the Life-Skills of private and government students of senior secondary school 130
5.2.14 Discussion of the results with regard to comparison between the Adjustment of private and government students of senior secondary school 131
5.2.15 Discussion of the results with regard to comparison between the Self-Confidence of private and government students of senior secondary school 131
5.2.16 Discussion of the results with regard to comparison between the Academic Anxiety of private and government students of senior secondary school 131

5.3 Educational Implications 132

5.4 Suggestions for further study 134

SUMMARY 135-160
