ACKNOWLEDGEMENTS

I express my deepest gratitude to my research director, Dr. R. Satya Prasad, Associate Professor, Department of Computer Science and Engineering, Acharya Nagarjuna University, who has been an incessant source of inspiration to me. As an enviable and erudite mentor in the field of research, he had always whetted my perception to grow as a research scientist. His valuable suggestions, worthy guidance, and many a scholarly proffer have endowed me with copious fund of knowledge.

My heartfelt gratefulness to Dr. I. Ramesh Babu, Professor, and Dr. K. Gangadhar Rao, Associate Professor and HOD of Department of Computer Science and Engineering, Acharya Nagarjuna University, evinces the fact that my research has been buttressed by their unrelenting support in drafting the thesis.

I am thankful to Dr. Srinivas Kota, Assistant Professor, BITS Pilani, for all the help he extended in reviewing the thesis and giving valuable suggestions.

I am elated mention the names of my beloved colleagues Sri S.A.B. Nehru, HOD of Dept. of Computer Science, and Sri J. Satyanarayana, Programmer, M. G. PrakasaRao, System Administrator, Andhra Loyola College, Vijayawada, and S. Vasu, Lecturer whose appreciation and encouragement availed me to a great extent.

I am indebted to my dear parents, Sri. K.M. Sastry and Smt. K. Padmavathi for all their love, care and concern for me throughout my life and I dedicate my thesis to them.

Words cannot fully express my appreciation for my wife K.V.N. Poornima and my children K. Sai Prasanth & K. Sai Praneeth, my brother-in-law, Siva Ghatti and my sister, Durga Kameswari, my brother, Srirama Sarma and Sunita whose pleasant company has taken the load of my shoulder. My wife's tolerance of my occasional bad moods is an endearing treatment in itself.
