ACKNOWLEDGEMENTS

At the outset I record my sincere gratitude to my esteemed guide Dr. P.C. Senapati, Chief Scientist, All India Coordinated Research Project for Dryland Agriculture, O.U.A.T., Phulbani whose active and sustained guidance, encouragement, planning and systematic approach have enabled me to give a concrete and visible shape to my ideas at every stage of preparation of this thesis. I am highly grateful and greatly indebted to him.

I express my deep sense of gratitude to Dr. M. Mohanti, the former Head of the Department of Geology and Prof. A.K. Paul present Head of the Department of Geology, Utkal University, Vani Vihar, Bhubaneswar for permitting me to utilize the library and other facilities of the Geology Department for my research work.

I am highly indebted to the then Principal Secretary to Govt. of Orissa in Agriculture Department Sri R.K. Bhujabal, I.A.S. (Retd.), the then Directors of Soil Conservation, Orissa, Bhubaneswar Sri S.C. Acharya and Sri R.P. Dwivedi for according Government permission to carry out my research work under Utkal University under the guidance of Dr. P.C. Senapati, Chief Scientist and providing necessary library and laboratory facilities of Soil Conservation Organisation.

I express my sincere gratefulness to Sri Simanchala Mishra, junior Soil Conservation officer, O/O Director, Soil Conservation, Orissa, Sri M.S. Padhu, Ex-Asst., Soil Conservation Officer, (Survey) Koraput, Sri Kishore Ch. Behera, Ex-Hydrologist, Planning Cell, Bhubaneswar, Dr. K.L. Pujari, Ex-Jt. Director, Soil Conservation, Orissa, Bhubaneswar, Sri A.N. Singh, Joint Director, Geology, Sambalpur, Prof. Basudev Mohakul, Reader, U.C.E., Burla, Dr. S.C. Panda, ex-Associated Dean and Dr. P.N. Pradhana, Lecturer, Statistics, College of Agriculture, OUAT, Chiplima, Dr. P.K. Dehury, Associate Professor Polutary Science, OUAT, Bhubaneswar, Sri S.C. Mishra, D.F.O., Sambalpur and Sri N Satpathy, Deputy Director, Mines, Sambalpur, Sri Atul Kumar Nayak, Executive Engineer, Central Water Commission, Burla, for their benevolent co-operation at various stages of this research work.
I am very much grateful to Dr. P.N. Sahu, H.O.D., Anthropology Department, Dr. S.Bagh, H.O.D. Statistics Department, Dr. B.K. Mishra, Reader Chemistry Department and Dr. N.K. Mahakul, Reader Sociology Department of Sambalpur University, Jyoti Vihar for their kind help in various analysis work.

I am also very much grateful to Dr. S.N. Panda, Asst. Professor, Dr. R.K. Panda, Associate Professor and Dr. K.N. Tiwari, Professor and Research Scholar, Sri B. Panigrahi and Sri J Panda of Agriculture Food Engineering (Soil and water Conservation) Department and Dr. D. Suar, Professor Humanities and Social Science Department of I.I.T., Kharagpur and Dr. T.S. Vasulu, Anthropometry & Human Genetics Unit, Indian Statistical Institute, Calcutta for their valuable suggestion on statistical analysis of the research problem.

I am very much thankful to Sri D. Patro, Stenographer, Sri P. Bohidar, J.S.C.A. and many other staff of Hirakud Soil Conservation Division, Burla and Sri Surath Ku. Das, Stenographer, Sri Jugal Kishora Biswal, Stenographer and Sri N.K. Das, Ex Stenographer of Directorate of Soil Conservation, Orissa, Bhubaneswar for their kind help in preparation of the manuscript of this thesis.
I take this opportunity to express my most sincere thanks to the learned authors whose valuable works have been cited in the text of this thesis to make it scientifically presentable.

I express my sincere gratitude for the encouragement and help received from Dr. D.P. Mishra, Ex-Director, Agriculture and Sri B Satpathy, Ex-Director, Soil Conservation, Dr. K.L. Pujhari, Ex-Joint Director, Soil Conservation and Dr. K.C Sahu, Agronomist, Directorate of Agriculture & Food Production, Orissa.

Last but not the least I cannot forget the inspiration encouragement and co-operation of my family members during this work.
