Dear Students,

It is an interesting test. The test is just like a game. The test contains 13 items. Out of thirteen items, five are related to the content area of Geography, four are related to the content area of History, and four are related to the content area of Civics. The items don’t have any fixed answer. Similarly, there is no exact right or wrong answer for any item. Each item of the test requires divergent / many answers. Under each item, sufficient space for answers is given. Try to write as many as answers for each item. And, also try to write / give different categories of answers as well as new types of answers for each item.

For each item the time limit is 10 minutes; and for the entire test the time limit is 130 minutes or 2 hours and 10 minutes. You have to remember that, after completing an item within a given period of ten minutes, then proceed to the next item. So that you can properly complete all the items within the given period of time. Try the best to answer all the items. And, try to answer very quickly.

GEOGRAPHY CONTENT AREA

1. India is a land of forests. Forests help us in many ways. For example – (i) it provides wood for fuel, (ii) it provides fruits for eating etc.

List out all other types of help we get from forest.
