Innumerable thanks to Allah Subhanahutala whose grace and blessings were the prime and absolute cause in accomplishment of the present study.

At the outset, I take the privilege to express my deep sense of gratitude and indebtedness to my supervisor Dr. Sarika Manhas (Assistant Professor) whose scrupulous, luminous and intelligent supervision made this study possible. Words really become less to put down my feeling of respect and gratefulness to her in all the time of research and writing of this thesis. Her patience, motivation, suggestions, cooperation and her positive gesture has always helped me to get my work better to this level. I could not have imagined having a better advisor and mentor for my Ph.D study than her.

I would also like to thank Professor Neeru Sharma (Head) P.G. Department of Home Science for her guidance, active persuasion and supervision during the entire course of my study and research work. I would also like to thank Prof. Rajni Dhingra for her constant and all time support since the start of my research work. My sincere thanks are also there to acknowledge Dr. Shashi Manhas, Dr. Samridhi Arora, Dr. Nirojini Bhat, and other faculty members of Post Graduate Department of Home Science, University of Jammu for providing academic and moral support throughout my study period.

I gratefully acknowledge my sincere thanks to all those mothers, grandmothers and adolescent girls and school heads of Kargil for providing their willing support and permission to conduct my study and spare me their valuable time which aided in accomplishment of the task on hand. I great fully acknowledge my thanks to Dr. Charu (Lab Asst) and other non teaching staff members of P.G Department of Home Science, University of Jammu, for their constant support during research work.
I am indebted to extend my sincere thanks to Dr. Tej Pratap, Ex-Vice Chancellor SKUAST-K; Dr Mehadi, Programme Coordinator KVK, Kargil for lending their helping hand to make this research a success. To all my colleagues, Dr. Nassreen, Dr. Asif, Dr. Nazir, Mr. Nazir, Mr. Mansoor, Mr. Nissar and all members of KVK, SKUAST-K Kargil for all their support and help during my Ph.D programme.

Special thanks to my friends Dr. Anupa Sharma and Dr. Manoti Barki who remained a constant support and showed a sisterly concern throughout my research work. Thanks to all, for your scientific, social and friendly discussions and ideas that we shared. I also extend my thanks to my best friends Shahida Bano & Mehroon Nissa and all Research Scholars for providing me moral support and great company.

Words are insufficient to express my gratitude and indebtedness to my beloved parents Mother Salima Bano, and Father Ghulam Ali for their affection, sacrifice and support since my first step in this world. Thanks to my, Brother Dr. Feroz and sisters, Parveen and Shamima, Raziz Bano (sister in law), Tashi Dolker Tina (niece), Mohd Shafi (father in law), Hamida Bano (mother in law), Aunt Tahira, Sister in laws Nishat Shafi, Anjum Rani and Hazira Bano for their tremendous help, support and prayer throughout my Ph.D work.

Lastly, special thanks to my beloved Husband (Sarfaraz Shafi) & Son (Mohd Rahil Shafi), for providing me with unfailing support and continuous encouragement throughout my years of study and through the process of researching and writing this thesis. This accomplishment would not have been possible without them. Thank you so much for your company, support and your prayer, that has always been with me, and I would like say God bless you all abundantly. I love you all from the bottom of my heart.

Sabiya Asmat
