Acknowledgements

It gives me immense pleasure to get the opportunity to express my deep felt thanks to those all, who helped me to complete the task of my Ph.D.

Firstly I would like to express my sincere gratitude to my supervisor Dr. Sandeep Kumar Shukla, Scientist ‘D’, Division of Radioprotective Drug Development Research, Institute of Nuclear Medicine and Allied Sciences, Delhi, INDIA, for his continuous support, critical advice and positive attitude which motivated me all the time to perform well. I am truly grateful for his guidance and encouragement throughout my Ph.D. It was a real honour working with him.

I must deem myself lucky to have been placed under the supervision of very experienced, affectionate and supportive supervisors Dr. Mrutyunjay Suar, Director & Head, School of Biotechnology, KIIT University, Bhubaneswar, Odisha, INDIA. His guidance and constant inspiration led me towards successful completion of the thesis work.

I express my profound sense of indebtedness to Dr. Manju Lata Gupta, Scientist ‘G’ & Head Radioprotective Drug Development Research, Institute of Nuclear Medicine and Allied Sciences, Delhi, INDIA, who gave me a chance to contribute my capabilities and knowledge towards the project RAKSHAK and simultaneously learn a lot under her guidance too.

Beside my advisor, I would like to thank Dr. Ajay Kumar Singh, Scientist ‘H’ & Director, Institute of Nuclear Medicine and Allied Sciences, Delhi, INDIA, for providing all possible facilities and necessary infrastructure to accomplish my research.

My special thanks to Dr. Ajay Kumar Sharma, Scientist ‘D’ and my RSC member, Radioprotective Drug Development Research, Institute of Nuclear Medicine and Allied Sciences, Delhi, INDIA, for her excellent assistance and personal attention to complete my research.
I appreciate the unwavering and cheerful support of Dr. Ajaswarta Dutta, Scientist 'D', and Mrs. Savita Verma, Scientist 'C', Radioprotective Drug Development Research, Institute of Nuclear Medicine and Allied Sciences, Delhi, INDIA. I am also thankful to all the Scientist and Supporting Staff of INMAS for their timely guidance, discussion and help.

My sincere gratitude to my RSC members Dr. Chanakya Nath Kundu and Dr. Birendra Nath Banerjee, for their insightful comments and encouragements.

I am highly thankful to my friend and lab member Ms. Sania Bajaj, for her constructive criticism, significant contribution and all sorts of help she rendered throughout the tenure.

And finally my fellow group members Dr. Nitya Nand Srivastava, Mr. Rajiv Ranjan, Mr. Bhargab Kalita, Mr. Abhinav Singh, and Ms. Sangeeta Dutta for being with me all the time. Special thanks to you people for all the fun moments, parties, and scientific discussions. Thanks to Dr. Sanghamitra, Dr. Rashmi, Dr. Manish and Mr. Sushanta for their support in terms of scientific help and discussion.

Also I would like to thank Mr. Jaidev Joshi, Dr. B. G Roy, Ms. Namita Kalra and Ms. Anjali Sharma for their support in bioinformatics work, animal facility, flow cytometry data analysis and Radiation facility respectively.

Many thanks to my friend and room partner Bijay, for his support, scientific advice and the sweet memories we spent together.

I am sincerely thankful to Dr. Sudhir Chandna, Head HRD, INMAS, Mr. Naveen Soni, Head Library, INMAS, Mr. Pradipta Maharana, Librarian KSBT and Mr. Purna Pal, PA to director, KSBT for their support at various phases of the programme.

Last but not least, I would like to pay high regards to my grandparents (Late Mr. Narasingha Charan Mohanty and Late Mrs. Hemanta Kumari), Mother (Mrs. Dharitree Mohanty), Father (Mr. M N Harshavarddhan), Brothers, Sisters and my Friends for their blessings, sincere encouragement and inspiration throughout my
research work and lifting me uphill this phase of life. Their encouragement and understanding cannot be expressed in words. Their support, advice, and companionship have turned my journey into a pleasure.

I appreciate everyone whom I have missed to remember and have contributed towards completion of my Ph.D. work.

Eventually, I am thankful to the Supreme Power that is helping me every moment to move forward. Life is better because you are always around. Thank you God!!!

Thank you.

M H Yashavardhan
