CHAPTERS

I. INTRODUCTION
1.1 Statement of the Problem 1
1.2 Objectives 2
1.3 Source of data and Maps 3
1.4 Literature Survey 3
1.4.1 Definition of the term Quality of Life 14
1.4.2 Studies on Quality of Life 17
1.4.3 Indicators Selected by Scholars to study Quality of Life 21
1.5 Hypotheses 27
1.6 Chapter design 29

II. METHODS AND MATERIALS
2.1 Introduction 35
2.2 An over view of selected states : Kerala and Tamil Nadu 36
  2.2.1 Kerala 38
    2.2.1.1 Physical Aspects 38
    2.2.1.2 Human Aspects 40
    2.2.1.3 Housing and Household Amenities 44
  2.2.2 Tamil Nadu 46
    2.2.2.1 Physical Aspects 46
    2.2.2.2 Human Aspects 48
    2.2.2.3 Housing and Household Amenities 49
2.3 An overview of selected districts

2.3.1 Coimbatore district

2.3.2 Pudukkottai district

2.3.3 Ernakulam district

2.3.4 Wayanad district

2.4 Comparison of selected districts

2.5 Sample selection

2.6 Household selection and quality of response

2.7 Research design and methodology

2.8 Summary and conclusion

III. HEALTH AND EDUCATION

3.1 Introduction

3.2 Health and Quality of Life

3.3 An Overview of health status in India

3.4 Health Status of Kerala, A Historical Analysis

3.4.1 Availability of health care facilities in Kerala

3.5 Health facilities in Kerala and Tamil Nadu, A comparative analysis.

3.6 Village level health care facilities

3.7 Household level analysis on Availability Accessibility and Quality of health services.

3.7.1 Treatment Preferences

3.7.2 Availability of health care facilities

3.7.3 Quality and problems of government health care facilities

3.7.4 Medical expenditure

3.8 Education in India; An overview

3.9 Education in Kerala

3.10 Education in Tamil Nadu

3.11 Village level availability of basic educational facilities
3.12 Household Level Availability, Accessibility and Quality of basic educational facilities

3.12.1 Educational attainment of the head of the households
3.12.2 School dropouts and reasons
3.12.3 Availability of basic educational facilities
3.12.4 Quality and problems of government educational facilities
3.12.5 Expenditure on education
3.12.6 Source of information
3.12.7 Political awareness

3.13 Summary and Conclusion

IV HOUSING AND AVAILABILITY OF HOUSEHOLD AMENITIES

4.1 Introduction
4.2 Housing, household Amenities and Quality of Life
4.3 An overview of housing situation in India
   4.3.1 Housing and Five Year Plans
4.4 Housing and union budgets
4.5 Household Amenities and Quality of Life
4.6 An Overview of Housing and Availability of Household Amenities in India with special reference to Kerala and Tamil Nadu
   4.6.1 Housing structure
   4.6.2 Availability of drinking water
   4.6.3 Availability of electricity
   4.6.4 Availability of toilets
   4.6.5 Non availability of drinking water, electricity and toilet
4.7 Housing and availability of household amenities in Kerala
4.8 Housing and availability of household amenities in Tamil Nadu
4.9 Village level analysis of housing and household amenities
4.10 Housing and Amenities : Household Level Analysis
4.10.1 *House types* 180
4.10.2 *Tenancy types* 187
4.10.3 *House sizes* 188
4.10.4 *Number of living rooms* 190
4.10.5 *Household size, number of living rooms and income* 191
4.10.6 *Availability of kitchen, bathroom and visiting room* 196

4.11 Availability of Household Amenities 198
4.11.1 *Drinking water by source and location* 198
4.11.2 *Availability of toilets* 203
4.11.3 *Availability of electricity* 204

4.12 Availability of household utility items 205
4.13 Summary and Conclusion 208

V INFRASTRUCTURE, TRANSPORT AND COMMUNICATION

5.1 Introduction 213
5.2 State level analysis of Infrastructure, Transport and Communication 213
5.3 Village level analysis of Infrastructure, Transport and Communication Facilities

5.3.1 *Infrastructure* 216
5.3.2 *Transport* 219
5.3.3 *Communication* 222
5.3.4 *Index of village level availability of Infrastructure, Transport and Communications* 223

5.4 Household level analysis of Infrastructure, Transport and Communications 225

5.4.1 *Infrastructure* 225
5.4.2 *Transport* 235
5.4.3 *Communication* 238

5.5 Summary and Conclusion 242
VI QUALITY OF LIFE

6.1 Introduction 246

6.2 Quality of Life: Health and Education 246
   6.2.1 Direct Indicators 248
   6.2.2 Indirect Indicators 252

6.3 Distribution pattern of Quality of Life Indicators on Health and Education 252

6.4 Correlation among the Quality of Life Indicators on Health and Education 255

6.5 Classification of Villages based on composite ranks of Health and Education 257
   6.5.1 Very high 259
   6.5.2 High 259
   6.5.3 Medium 260
   6.5.4 Low 260

6.6 Quality of Life: Housing and Household Amenities 261
   6.6.1 Direct indicators 262
   6.6.2 Indirect indicators 265

6.7 Distribution pattern of Quality of Life Indicators on Housing and Household Amenities 265

6.8 Correlation among the Quality of Life Indicators on Housing and Household Amenities 268

6.9 Classification of Villagers based on composite ranks of Housing and Household Amenities 269
   6.9.1 Very high 269
   6.9.2 High 270
   6.9.3 Medium 270
   6.9.4 Low 270

6.10 Quality of Life: Infrastructure, Transport and Communication 272

6.11 Distribution pattern of Quality of Life Indicators on Infrastructure Transport and Communication 275

6.12 Correlation among Quality of Life Indicators on Infrastructure Transport and Communication 276
6.13 Classification of villages based on Quality of Life Indicators on Infrastructure, Transport and Communication

6.13.1 Very high

6.13.2 High

6.13.3 Medium

6.13.4 Low

6.14 Perceived Indicators on Quality of Life

6.15 Distribution pattern of Perceived Indicators on Quality of Life

6.16 Correlation among Perceived Indicators on Quality of Life

6.17 Village classification based on Perceived Indicators on Quality of Life

6.17.1 Very high

6.17.2 High

6.17.3 Medium

6.17.4 Low

6.18 Summary and Conclusion

SUMMARY AND CONCLUSION

BIBLIOGRAPHY

APPENDIX – I

Household Schedule

APPENDIX – II

Households Based on Total Monthly Income

APPENDIX – III

Total Income from all Agricultural Products

APPENDIX – IV

Total Monthly Expenditure on all Food Items

APPENDIX – V

Total Annual Expenditure on Clothing and Social Functions
