TABLE OF CONTENTS

ABSTRACT I
ACKNOWLEDGEMENT III
TABLE OF CONTENTS VI
LIST OF TABLES IV
LIST OF FIGURES VIII
LIST OF APPENDICES XII
LIST OF ABBREVIATIONS XIII

Chapter 1: Introduction 1
1.1 Introducing to research 1
1.2 Statement of the problem/Research Gap 5
1.3 Background to the subject matter 6
1.4 History and Overview of selected higher institutions in the southern
Chapter 3: Model Requirement Specification and Design

3.1 Introduction
3.2 Theoretical Framework (Evaluation of TAM)
3.3.1 Model Design (The Proposed Hybrid TAM Model With Latent Variables)
3.3.2 Measurement scales
3.3.3 Method
3.3.4 Machine Learning Procedure
3.3.5 Analysis of Measurement Model

Chapter 4: Design and Analysis (Hypothesis Testing and Results)

4.1 Introduction
4.1.1 SVM Analysis
4.1.2 SVM Algorithm
4.1.3 Implementation of SVM Algorithm
4.2.1 Random Forest Tree Analysis
4.2.2 Implementation of Random Forest Tree Algorithm
4.3.1 Pearson's Correlation Coefficient
4.3.2 Implementation of Pearson's Correlation Coefficient
4.4.1 Regression Analysis
4.4.2 Implementation of Multiple Regression Model
4.4.3 Hypothesis Testing and Result
4.4.4 Analysis of Measurement Model

Chapter 5: Analysis and Output of Algorithms

5.1 Multiple Regression Model
5.2 Decision Tree (C4.5) Model
5.3 SVM
5.4 Decision Tree and SVM (Hybrid) Model

Chapter 6: Analysis and Design (Hybrid Algorithm)

6.1 Model Analysis
6.2 Hybrid of SVM and Decision Tree Model
6.3 Implementation Tool

VI
