ACKNOWLEDGEMENT

It gives me immense satisfaction and great pleasure to thank all the people who have helped me in making this research a real learning experience. At the outset, I would like to thank my research supervisor, Dr. N. Rajkumar, Professor and Head, Department of M.E., Software Engineering, Sri Ramakrishna Engineering College, Coimbatore for all his help, advice, valuable suggestions, and support throughout this process. He taught me the key skills needed to any researcher: how to choose a problem, pursue it to completion, and then present my ideas to the world. Above all, I respect and honor his honesty.

Special heartfelt thanks to Shri S. Parameswaran, Secretary, EGSP Group of Institutions, Nagapattinam for his support and encouragement. Many thanks are due to my peer Dr. P. Janarthanan, Associate Professor Department of Computer Science and Engineering, Sri Venkateswara College of Engineering College, Chennai for his support and fruitful meetings that led me to draw some important conclusions and foci during the course of my research work.

I would also like to thank all of my friends and colleagues from the Department of Computer Science and Engineering, EGSP Engineering College, Nagapattinam. Finally, I would like to thank my parents for their unconditional love, support, patience, and understanding shown to me while I have been pursuing my research. Very special thanks go to my wife Mrs. G. Vasudha, for her love, affection and encouragement throughout this period. Last but not the least I dedicate this work to my children Chandrasekar, Sandhya Ganesan and G. Sreja whom I know would be happy to see me earning this doctoral degree.

T. GANESAN
