ACKNOWLEDGEMENT

I would like to express my deepest appreciation and sincere gratitude to my supervisor, Dr. N.V. Ramana Rao for his guidance, encouragement and valuable comments during the course of this research work. His active interest in my work and discussions with him created an inspiring working environment.

I would like to express my sincere thanks to the reviewers of
(i) International Journal on Mechanical and Automobile Engineering
(ii) Journal of Structural Engineering, SERC, Chennai
(iii) Advances in Vibration Engineering, Bangalore
(iv) The Institution of Engineers, Calcutta
(v) IUP Journal of Structural Engineering, Hyderabad
for critically reviewing the papers and giving valuable comments/suggestions.

My special thanks are reserved for my Wife, Children, Parents and In-laws for their tolerance, cooperation, constant moral support and encouragement during the course of this research work.

Finally, I would like to express thanks to all those involved directly or indirectly in successful completion of this research work.
